INSTRUCTIONS FOR GRADUATE PASS/NO CREDIT (P/NC)

- To exercise the P/NC option, the student must register for the course in the usual manner and apply at the Office of the Registrar by the last day to withdraw from a course as stated on the academic calendar
- Graduate students are allowed to cancel their P/NC option by the deadline indicated on the form and academic calendar for the semester.
- After the indicated deadline, Graduate students are not allowed to cancel their P/NC request or switch their P/NC request to another course they are taking during the same semester.
- Any changes the graduate students would like to make to the P/NC option form needs to be documented. If you decide to switch the P/NC option for another course, it is required that you submit an updated form to the Office of the Registrar requesting the update.
- Graduate students may elect to take one course on a pass/no credit-grading basis towards the completion of a degree program.
- If a C- or better is received, the student will receive a grade of 'P'. Credits completed will be recorded, but the grade will not be computed. If the student does not pass the course, a grade of 'NC' will be recorded; this grade will not be computed in the student's grade point average.
- If a grade of 'NC' is received in a core or required course, the course must be repeated only once and for a P/NC grade only.
- If a grade of 'NC' is received in an elective course, the student may either repeat the course or select another course. In both cases, a conventional grade will be assigned.
- The Office of the Registrar applies the P/NC option and the instructor is not informed of the student's decision.

School of Public Affairs (Effective June 2003):

Effective Fall 2006, MPA and MEd students are only allowed to use the P/NC option for one elective course only. It may not be used for Capstone Seminar Course (PAF 9190).

Weissman School of Arts and Sciences:

MS Industrial & Organizational Psychology may use the P/NC for any course in addition to Thesis course. Thesis courses are only graded on a P/NC basis.

MA students may elect to use the P/NC option for electives or required courses within the degree program.

Zicklin School of Business (Effective Fall 2005):

MBA Students:

- This option may not be used for core courses or courses in the major.
- This option may be used for one elective course outside the major (e.g., a general elective or international elective; the international elective cannot be part of the 4-course major in this regard.)
- Students who change their major to accountancy cannot apply a P/NC graded course in accountancy or taxation toward their CPA requirements.
- Students who use the P/NC option and then change their major or pursue a second major cannot use a previous P/NC graded course in their major or petition to retroactively withdraw the P/NC option. Students must take an additional major course for a conventional grade. Students on F-1 visas will not be able to extend the duration of their program to do this.

MS students: The P/NC option is not available to students in MS programs.
