## BAR01 - Edit Program - ARTADM-MA - Academic Program Action - Change

### Action Detail

**Institution**

Baruch College

**MHC Field of Study Code**

-

**Action**

Changes to the Curriculum

**Degree Designation**

MA - Master of Arts

**Summary**

Over the past five years, the program leadership has been very successful in developing strong relationships with the Marx and Zicklin Schools, leading to Arts Administration students having much greater access to elective courses in those schools. The proposed change, requiring at least three of the five electives to be FPA courses, will allow the program to maintain the focus on the specifics of Arts Administration while still providing a wide range of options for our students. Additionally, it will allow the program to better support the FPA elective offerings.
