# Special Situations: Withdrawal and Reinstatement

## The College has, in effect, canceled the registration:

- If a student registers as matriculated but subsequently learns he/she did not receive a high school diploma or equivalent and is offered the option by the College to continue as a paying nondegree student or withdraw, the student activity fee will be refunded if the student withdraws.
- If a student is notified of loss of matriculation and is offered the option of remaining in school and/or withdrawing, the student activity fee will be refunded if the student withdraws.
- If a student registers but does not pay the tuition and fees or agree to accept financial aid by going to the cashier and the College cancels the registration, the student is not liable for that semester's tuition and fees.
- If a student has been permitted to register but subsequently it is learned that he/she owes money to the College and the registration is canceled, the student is not liable for tuition and fees for the semester for which the registration was canceled.

## Improper advisement has been given:

- Students who are placed in a particular class following testing and after a week or more in the class are advised by the instructor that they do not need the course and should withdraw are entitled to a full or partial refund according to the following. If the College is satisfied that the students were improperly advised originally, the tuition may be refunded in full. Otherwise, students are entitled to a tuition refund based on the established refund schedule.

## Change in status from full-time to part-time student:

- If a full-time student (registered for at least 12 equated credits) drops a course during the refund period and thus is registered for fewer than 12 credits, the student's effective tuition is then calculated on a part-time basis. However, the student is liable also for that portion of the full-time tuition that is not refunded in accordance with existing refund procedures. The student's refund is calculated by subtracting the new part-time tuition amount from the full-time amount and multiplying the difference by the appropriate percentage based on the date of withdrawal.

## Federal Return to Title IV policy:

- Students who withdraw from all classes, either officially or unofficially, may have their financial aid package recalculated based on the Federal Return to Title IV regulations. The regulations require that the College calculate the portion of the federal aid a student is entitled to, based on the aid that could have been disbursed had the student remained enrolled and the number of days the student attended classes. The enrollment status used to calculate financial aid eligibility is set either on the 21st day of classes or at the point the student's financial aid record becomes payable. Students who withdraw from some or all classes prior to the earlier of those dates will have their aid recalculated and could lose some or all of their aid. If a student fails to begin attendance in some or all of their classes, the unattended classes will not be used to calculate their enrollment status for financial aid eligibility. If aid has been disbursed for unattended classes, the student may be required to return funds, with the exception of college work-study earned, which will not be recouped. Students who officially withdraw after completing more than 60% of the semester are considered to have "earned" their federal financial aid, and the College is not required to recalculate their eligibility.
- If the Return to Title IV calculation determines that the student is not entitled to a portion of the aid that has already been disbursed, the College will return the "unearned" portion to the federal government and the student will be billed for the money that was returned on his or her behalf. A stop will be placed on the student's record until the money has been repaid to the bursar.
- If the calculation determines that the student is entitled to aid that has not been disbursed, the Office of the University Controller will notify the student of his or her eligibility and give the student the opportunity to decline the disbursement. If the student does not decline the disbursement, it will be mailed to the student by the Office of the University Controller, with the exception of student loans. To receive a postwithdrawal disbursement of loan funds, the student must sign and return the postwithdrawal notice, confirming that he or she wants the loan to be disbursed; however, only the first disbursement of a loan may be disbursed after a student has withdrawn. If a balance is owed to the College, the bursar may, with the exception of student loans, request the postwithdrawal disbursement.

## Other specific situations:

- If the student activity fee is paid in advance and the student does not register due to medical reasons, is forced to move out of state, or is required to work as a result of a death in the family, in general, the student activity fee would not be refunded.
- If a student, because of medical or mental illness, is absent from classes and does not withdraw during the first three weeks of the session and at a later date requests a refund, supporting each request with documentation, the following may be considered: As a general rule, the law recognizes that time limits should not necessarily control where rights may be exercised within specified time limits, if the individual presents a justifiable excuse for not making a timely request, and there is no prejudice in granting the untimely request, a refund may be made.

# Program Load

Course Loads: Credit Overloads and Dropping Courses

*How many credits am I allowed to take in my first semester?*

We encourage entering freshmen and transfer students to take a full-time program of between 12 and 16 credits. We set no minimum number of credits you must take, but you may not register for more than 18 credits. Freshmen are not allowed to add courses to their assigned block. We strongly urge entering freshmen not to work if you can avoid it. If you must work, work for as few hours as possible. If you have a full-time job, taking more than one or two courses is very likely to jeopardize your career at Baruch. Become familiar with Baruch's rigorous expectations before you test your limits.

*What if I want to take more than 18 credits?*

Students in all three schools may apply for a credit overload. The credit overload allows students to register for 19 to 21 credits in either the Spring or Fall semesters. For those students seeking permission for the summer session(s) a maximum of 5 courses is allowed with 3 three courses in one session. First semester transfer students and first semester freshmen are not permitted credit overloads. Students not in one of the three schools are required to have a minimum GPA of 3.0 to qualify. Please see an academic advisor for additional information about applying for a credit overload.

*What if I need to drop a course?*

1. See Schedule of Classes for each semester's deadline date to drop a course(s).
2. Student must complete a drop form and have it approved at the Office of the Registrar or the Center for Academic Advisement by the stated deadline date.
3. If you are receiving financial aid or are an international student, dropping a course might affect you. Please see the appropriate office.
4. If you are a freshman or withdrawing from all courses (Total Withdrawal) at any time during the semester, you must come to the Center for Academic Advisement and meet with an Academic Advisor.
5. If you need to drop a course after the deadline date, meet with an Advisor at the Center for Academic Advisement.

# Choosing Classes

## Student Status:

Undergraduate: see the following table:

Class	Credits Earned	Class	Credits Earned
Lower Freshman	0 to 14.9	Lower Junior	60 to 74.9
Upper Freshman	15 to 29.9	Upper Junior	75 to 89.9
Lower Sophomore	30 to 44.9	Lower Senior	90 to 104.9
Upper Sophomore	45 to 59.9	Upper Senior	105+

## Course Listings

Course numbers indicate the level of the course as described below:

### Courses Numbered Level:

0000-699	Undergraduate Remedial; no credit.
(U)700-999	Graduate Courses.
1000-1999	Introductory Courses; no prerequisites.
2000-2999	Introductory Courses; they require some past preparation either in high school or college.
3000-3999	Intermediate Courses; prerequisites required.
4000-4999	Advanced Courses; prerequisites required.
5000-5999	Senior Courses; seminars, training programs, and independent studies
6000-6999	Honors level only.
7000-7999	Transfer Course(s) equivalents.
8000-9999	Graduate Courses.
99001-99999	Graduate Courses, specifically, courses in research methodology, thesis, or thesis alternative.

## Abbreviations

LEC	Lecture
REC	Recitation

HTBA	Hours to be arranged with department
LAB	Laboratory
MASON	Mason Hall on the first floor of 17 Lexington
22	School of Public Affairs, 137 E 22 St (Between 3rd Av. & Lex)
23	Lawrence & Eris Field Building (17 Lexington23 & Lexington)
25	151 E 25 (Library Building) (Between 3 Av. & Lexington)
AD	Administrative Center 135 E 22 (Between 3 Av. & Lexington)
VC	Vertical Campus, 1 Bernard Baruch Way (25th and Lexington)

## Section Codes

Course section codes are composed of letters which indicate the hours and days of the week. Thus section AMWA meets at 7:50am on Monday & Wednesday while section BTRA meets at 9:30am on Tuesday & Thursday. In preparing your schedule, make use of the scheduling grids which appear on the next page. This will help you to avoid conflicts in your schedule.

Room locations that do not appear on your confirmation/bill at registration will be updated prior to the beginning of the semester. It is imperative that you check your CUNYfirst account before the first day of classes, as often classroom assignments change. The College reserves the right to cancel any course or section due to insufficient enrollment or for any other reason it deems necessary. If you have registered for sections that are cancelled, you will be notified and you may change your program without charge.

# Taking a Course at Another College

Students may not take credit-bearing courses simultaneously at Baruch College and any other educational institution without permission from the Dean's Office of their school.

If a student takes a course at another institution, the combined program load must not exceed a total of 18 equated credits.

There must be no time overlap when courses are taken at another school simultaneously with courses at Baruch.

No permit can be issued for required composition (ENG 2100 and 2150 or the equivalent) or for required accountancy or finance courses.

Recipients of an Excellence Award, Macaulay Honors College or Baruch Scholarship may not take courses on permit without the appropriate advisor permission.

Permits are not issued to community colleges.

Permission must be granted **prior** to registering at the other institution.

No permit will be issued for courses that have been repeated three times at Baruch.

## **Baruch students wishing to attend another CUNY school on permit:**

If you intend to take a course at another CUNY school, you must submit the request through <http://epermit.cuny.edu>. You will be informed of the progress of your permit request throughout the approval process via email. If a request is rejected, you will be notified of the reason for the rejection. Tuition for approved CUNY permit courses is paid to your home college. Grades for courses taken on permit at another CUNY college are posted on your home transcript and are counted in the computation of your GPA.

### **Please note:**

- Permits are not issued for Community College coursework.
- Permits are not issued for first semester freshman or transfer students with no Baruch GPA.
- Permits are issued only to students matriculated for a degree at Baruch College who are not on academic probation.
- Permits are not issued for courses in accounting

### **How to use ePermit?**

To access e-Permit, you must have a CUNY Portal ID. To obtain a CUNY Portal ID, go to the CUNY homepage (<http://www.cuny.edu>) and click the "Log In" button at the left. Once on the University Home Page, you will have to register for a Portal ID and Password by clicking on "Register" and following the directions. Once registered, go to <http://epermit.cuny.edu> and login with your CUNY Portal ID and password, and follow the instructions to file the permit application.

### **Non-CUNY permit:**

Non-CUNY permit students must submit a letter from the Dean or Registrar of their home college indicating the courses for which they have been approved to take at Baruch. A \$65.00 application fee must accompany the permit application. Applications and more information about registration are available at [www.baruch.cuny.edu/registrar](http://www.baruch.cuny.edu/registrar)

### **Information for Non-degree Students:**

Non-degree students are offered courses on a space available basis only. Not all courses offered by the college are available to Non-degree students. In general, business courses are not available to undergraduate Non-degree students. Non-degree students are required to meet the same scholastic standards and attendance requirements as degree seeking students, including prerequisites and co-requisites as described in the Bulletin and Schedule of Classes. Non-degree students who do not wish to take final examinations may, upon application to the Registrar's Office, be assigned the AUD grade.

See the academic calendar for deadlines. Non-degree students may register for a maximum of 2 courses (6 -8 credits.) Applications and more information about registration are available at [www.baruch.cuny.edu/registrar](http://www.baruch.cuny.edu/registrar)

**Undergraduate Non-degree:** are those who have not earned a baccalaureate degree and wish to take liberal arts or public affairs courses at Baruch. Non-degree students must meet all course prerequisites as stated in the Schedule of Classes.

**Post-baccalaureate:** are those who have earned a baccalaureate degree and wish to take undergraduate courses. Post-baccalaureate students may take 3000 business courses except for those offered by the departments of Accountancy and Finance.

**Teachers on Sabbatical:** Teachers on Sabbatical must file a copy of their leave contract with the Registrar's Office at the time of application to attend Baruch.

**Senior Citizens:** may register for undergraduate introductory level liberal arts or public affairs courses on an audit basis only. Senior citizens who wish to take courses for degree credit must pay the regular tuition for these courses

# Letter Grades and Grade Point Equivalents

The following tables list the grades that are used at Baruch College and show how they are calculated to determine the grade point average (GPA), or index.

[See explanation of how to compute your GPA](#)

## Letter Grades and Grade Point Equivalents

Baruch uses a 4.0 grade point average (GPA) calculation to determine a student's academic standing.

Grade	Grade Point Equivalent	Percentage Equivalent
A	4.0	93.0-100.0
A-	3.7	90.0-92.9
B+	3.3	87.1-89.9
B	3.0	83.0-87.0
B-	2.7	80.0-82.9
C+	2.3	77.1-79.9
C	2.0	73.0-77.0
C-	1.7	70.0-72.9
D+	1.3	67.1-69.9
D	1.0	60.0-67.0
F	0.0	below 60.0

### Explanation

Excellent (A, A-). Paves the way to the Dean's List and Honors.

Very good (B+, B, B-).

Average (C+, C).

Poor (C-, D+, D). Merely passing. Enough of these and you can be dismissed.

Failure (F). See the policy on the repetition of failing grades.

### Additional Grades

The following grades are also used on the transcript. A definition of each of these grades appears below.

I NC	Given only when the student has earned an average term grade of 50 percent or better for work already completed, but the term's work is incomplete and the instructor agrees that the reason for the lateness is valid. Completed assignments must be handed in to the instructor so that the grade can be resolved by the end of the final examination period of the subsequent semester, or it becomes a grade of FIN, the equivalent of F.
---------	---

P	Only allowed to students in the Weissman School of Arts and Sciences. Read Pass/Fail option in the Undergraduate Guide to Academic Policies and Procedures and follow the proper procedure. This grade is also used when you complete an ESL course. The P grade is not included in GPA calculation.
W	Withdrawal, provided a WN or WU grade has not been previously submitted by instructor. Can only be given by Registrar's Office or appropriate Committee on Academic Standing. (See academic calendar for deadlines). The W is not designed to keep a student from failing a course. The W is for students who discover that the course is not what they want. Students should not wait until an examination is given to determine if they wish to continue. As soon as they know they are not interested in continuing, they should drop the course. Remember that if the instructor gives a WN or WU (failing grade) before the course has been dropped, the instructor's grade is considered the final grade.
R	Course must be repeated until minimum proficiency is attained. Given in noncredit ESL courses.
A UD	Only for nondegree students (an auditor or listener in the class). No credit granted.
CR	Credit earned (transfer credits, business experience, military service, or exemption credit). Grades in these courses are not included in computation of the scholastic index or in computing class standing. These grades are included to determine eligibility for graduation honors.
Y	An intermediate grade assigned after the first of a two semester, or the first two of a three-semester, Honors sequence to signify work in progress. (Honors courses are numbered 6001H, 6002H, and 6003H.) The Y grade is not included in calculating the grade point average. Each Y grade is replaced by the earned letter grade when the sequence has been completed.
Z	No grade submitted by the instructor (the Z grade is assigned by the Registrar's Office).
P EN	Pending. The PEN grade may be used only when a grade is under review by the academic committees for possible infraction of academic integrity standards.
WA	Administrative withdrawal, given when a student fails to document compliance with New York State Public Health Law 2165 regarding measles, mumps, and rubella within 30 days of registration (45 days for international students). This grade does not carry academic penalty.
* WN	Effective Fall 2009 - Spring 2014: Non-punitive (means the same as WN, Never Attended, but not calculated in the GPA); entered by the registrar upon receipt of notice from the faculty that a WN has been assigned.
WU	Dropped by instructor for excessive absence. A WU should be given if the student has attended at least one class or if there is documented evidence of the student's participation in a course. A WU must be given to freshmen and sophomores for absence in excess of twice the number of weekly hours the class meets and may be given to juniors and seniors. A WU given prior to a student applying for a W takes precedence and counts as an F. A WU may not be used if a student has taken the final examination.

# Academic Honors

## Dean's List

In addition to awarding degrees with honors, the College also recognizes excellence with the annual Dean's List. The Dean's List is promulgated at the end of the spring semester in each school of the College. To be eligible for inclusion on the list, a matriculated student must have an average in all subjects of at least 3.5 in a program of at least 12 credits per semester for two consecutive semesters of attendance as a full-time student, or at least 24 credits taken in a maximum of four consecutive semesters as a part-time student. P (Pass) grades and credits are not included in the calculation.

## Latin Honors

The policy regarding Latin Honors is as follows:

To be eligible for Latin Honors, students must have completed at least 56 credits at Baruch College. The scholastic index is first computed on the courses taken at Baruch College and then on the entire scholastic record. Grades earned at another college are computed according to Baruch's academic standards. The lower of the two indexes so computed determines the graduation honors. There are three levels of Latin Honors:

**Summa cum laude** shall be granted to those students whose scholastic index in all subjects is at least 3.85 (3.8 for those entering prior to fall 2004 who remain in continuous attendance until graduation)

**Magna cum laude** shall be granted to those students whose scholastic index in all subjects is at least 3.75 (3.5 for those entering prior to fall 2004 who remain in continuous attendance until graduation)

**Cum laude** shall be granted to those students whose scholastic index in all subjects is at least 3.5 (3.2 for those entering prior to fall 2004 who remain in continuous attendance)

# Scholastic Performance Requirements

## Class Attendance

All students are required to attend every session of their courses. If a freshman or sophomore is absent in excess of twice the number of class sessions per week, the instructor must give the student a WU grade, which counts as an F. The instructor may give a junior or senior a WU grade (the equivalent of an F) for excessive absences. The WU grade may be given by the instructor at any time.

## Policy on Religious Holidays

No person shall be expelled from or be refused admission as a student at Baruch College for the reason of inability to attend classes because of religious beliefs or to participate in any examination, study, or work requirements on a particular day or days.

Any Baruch student who is unable, because of religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.

It shall be the responsibility of the faculty and of the administrative officials of the College to make available to all students who are absent from school because of religious beliefs an equivalent opportunity to make up any examination, study, or work requirements that they may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to these students such equivalent opportunity.

If classes, examinations, study, or work requirements are held on Friday after 4 pm or on Saturday, similar or makeup classes, examinations, study, or work requirements shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to students for these classes, examinations, study, or work requirements held on other days.

In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of the College to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any students because of availing themselves of the provisions of this section.

Students who are aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section shall be entitled to maintain an action or proceeding in the Supreme Court of New York County for the enforcement of their rights under this section.

## Maintaining an Acceptable Grade Point Average

The cumulative grade point average (GPA) is the numerical equivalent of a letter grade (A, B, C, etc.). In order to meet the College's scholarship requirements, a student must achieve a stipulated GPA according to the table below. The GPA is also used to determine scholarship eligibility. It is the student's responsibility to keep track of his or her GPA. Baruch students may verify their grades and GPA by accessing their transcript through CUNYfirst self service.

Credits Completed	Minimum Acceptable GPA
0-14.9	1.50
15-29.9	1.75
30 or more	2.00

It should be noted that there are different GPA requirements for eligibility for financial aid programs (state and federal) and for retention within the College. See the financial aid section of this bulletin, the Schedule of Classes, or the Financial Aid Office for the minimum standards for eligibility for financial aid awards.

## Computing the Grade Point Average

Grade point averages are computed by multiplying the credits attempted by the grade point equivalent. The grade point average is then computed by dividing the total grade points (GPs) by the total credits attempted. Below is an example of computing a GPA on a five-course, 16-credit semester program load.

Course	Grade	Credits		GPE		GPs
MTH 2001	F	3.0	x	0.0	=	0.0
BIO 1003	D	4.0	x	1.0	=	4.0
HIS 1001	B-	3.0	x	2.7	=	8.1

## Changing a Grade/Extra Credit

No change of final grade for a completed course will be made without the approval of the instructor's dean. Deans will consider the grade change upon the receipt of the instructor's written explanation. No grade will be changed after the degree is awarded. Extra work may not be submitted for a higher grade after the final grade has been assigned.

## Repeating Courses

### Your GPA and Credits Earned at Another College

Grades never transfer from one institution to another; only courses and credits transfer from institutions outside of CUNY.

Grades received for work completed at another college are only computed in a student's index in determination of graduation honors or are used to calculate the pre-business GPA for eligibility to the Zicklin School of Business; these grades are calculated according to Baruch's Academic Policies.

## Academic Probation

Students will be placed on academic probation at the end of the fall/spring semester if their cumulative GPA falls below the minimum level indicated previously. Students will have one semester in which to raise their cumulative GPA. Failure to maintain a GPA of **better than C** (i.e. 2.01) during the semester will result in academic dismissal.

While on academic probation, a student will be restricted to no more than four courses (13 equated credits) each semester.

The following is a list of violations of probation:

- Grades, in any course, of FIN, WN, WU, or F that have not been removed from the cumulative GPA by the repetition of the course with a grade of C or better
- Holding office in student government or on publications, sitting on College committees, or engaging in varsity sports (club activities should also be limited)

Violations of GPA probation will result in automatic dismissal at the end of the semester. Registration for subsequent semesters will be withheld. Students who are dismissed must remain separated from the College for a minimum period of one semester. The deadline for submitting appeals to the appropriate committee on academic standing for reinstatement for the fall semester is April 1; for the spring semester, November 1. Students must also file a reentry application with the Office of the Registrar.

All applications for reinstatement should be submitted to the appropriate committee on academic standing based on the student's official major. Students admitted as new freshmen in the fall 2001 semester or later are admitted to the College and not to a specific school. Until they have been admitted to a specific school, they must file their appeals with the Joint Committee on Academic Standing through the Center for Academic Advisement. Each application should include documentation that supports the student's appeal for reinstatement. It is recommended that students meet with an advisor in the Center for Academic Advisement prior to filing the appeal for reinstatement.

Be advised that all recipients of financial assistance must be making satisfactory pursuit and progress toward a degree. There are different formulas used to make this determination, one for federal aid programs and one for TAP. The GPA requirements for financial assistance differ from the College's scholarship requirements. Please consult the Financial Aid Office for Satisfactory Academic Progress requirements for state and federal financial aid programs.

## Rate-of-Progress Probation and Dismissal Policies

The following courses are required for any bachelor's degree: ENG 2100, ENG 2150, COM 1010, PSY 1001, and, minimally, a 2000-level MATH course (and/or an H or T version of these courses). Failure to complete one or more of these courses after three registrations will result in dismissal from the College. Students who take, but do not pass, one of the aforementioned courses for the second time will be placed on rate-of-progress probation and should see an academic advisor as soon as possible. Failure to complete the course(s) in question by the end of the third attempt will result in dismissal. While on rate-of-progress probation, a student will be restricted to no more than four courses (13 equated credits) each semester.

Registration for the subsequent semester after the third attempt will be withheld. Students who are dismissed may not continue at Baruch College.

## Repeating Failed Courses

Undergraduate students may replace a maximum of 16 credits of failing grades if the same courses are repeated with a minimum grade of C. It will not retroactively effect the pre-existing academic status. The cumulative GPA will be recomputed to reflect only the passing grade. The following points should be noted:

- A maximum of 16 credits of failing grades (F, FIN, WN, WU) may be deleted from the calculation of the cumulative GPA during an undergraduate's enrollment in CUNY. Whether students remain at a single college or transfer from one CUNY college to another, no more than 16 credits of failing grades can be replaced in the calculation of the cumulative GPA. Should the 16-credit limit be reached at a college other than Baruch, a student will not be permitted to replace failing credits at Baruch.
- The course(s) used to replace failing grades must have been taken in the fall 1990 semester or later.
- If a course for which a student wants the failing grade to be replaced by a grade of C or better was taken prior to September 1, 1984, the student must receive the approval of the appropriate committee on academic standing.
- For a grade of C or better to replace a grade of F in the calculation of the cumulative GPA, the failing grade cannot have been received at another college. The repetition of the course must take place at Baruch; it may not be taken on permit to another institution.
- A failing grade may not be partially replaced. If a student has replaced 14 credits of failing grades and subsequently receives a grade of C or better in another 3-credit course previously failed, the failing grade cannot be replaced.
- If a student has received more than one failing grade for the same course and subsequently earns a grade of C or better in the course, the failing grades will be deleted from the calculation of the GPA, subject to the 16-credit limit.
- If a student fails a course that was taken on a pass/fail basis and subsequently retakes the course, a grade of C or better must be earned in order for the failing grade to be replaced.
- If the course number or title of a course was changed in the period between the receipt of the failing grade and the repetition of the course but the content remained the same, the failing grade will be replaced if a grade of C or better was received in the repeated course.
- If the content of the course was changed in the period between the receipt of the failing grade and the repetition of the course, or when a student has been allowed to substitute one course for another, the declaration of course equivalency for the purpose of deleting the failing grade from the calculation of the cumulative GPA will be at the discretion of the appropriate committee on academic standing.
- The cumulative GPA calculated on the basis of this policy is to be used for purposes of retention and graduation from the College and the admission to and continuance in a major or specialization. It will not be used to calculate graduation honors, the Dean's List, or departmental honors at graduation.

Any student who does not want a repeated course to replace a previously recorded failing grade should notify the registrar so that the replacement does not take place. This request may be made at any time after the second enrollment, provided the student is enrolled in the College.

## Withdrawal

Courses dropped during the first three weeks of classes of the fall or spring semester, or during the first two weeks of summer session, do not appear on the student's transcript. New students who drop all their courses (withdraw from the College) during the first three weeks of the semester must apply again for admission prior to future registrations. Consult the Office of Undergraduate Admissions. Other students who withdraw from the College during the first three weeks must apply for reentry.

Students may withdraw from the College during the first ten weeks of the semester. After the third week, however, they will receive W grades. Except in extraordinary circumstances, a student may not withdraw from a course after the tenth week. Appeal to drop a course after the deadline must be made to the Committee on Academic Standing.

The following courses may not be dropped without approval of the Center for Academic Advisement:

- ENG 0132 (all students)
- ENG 2100 and 2150 (BA students only)

Students who have received permission to carry a credit overload may not drop any course.

Once students have officially dropped a course they may not attend or audit the course.

Students who are SEEK, International or on academic probation and wish to withdraw completely or fall below full-time status must get the approval of the appropriate office.

## **The Committees on Academic Standing**

Each school has a committee on academic standing. These committees adjudicate students' appeals in academic matters. Each committee is composed of faculty, students, and administrators. Information and appeal forms can be obtained in the Center for Academic Advisement and on the Web. These are some of the appeals handled by the committee:

- Request for W in a course or total resignation after the deadline (10th week of the term)
- Request for reinstatement if dismissed
- Curricular adjustments or waivers of academic rules
- Change of grade that is initiated by the instructor

All requests should be documented with supporting evidence: medical notes, military papers, etc.

The filing of an appeal does not guarantee a favorable decision; the committee weighs all the information presented by the student and arrives at a conclusion based upon the application of College policies and the appropriateness of the request.

The student is informed in writing of the committee's decision. Students do not appear before the committee.

# Departmental Honors (Honors Thesis)

## HONORS THESIS GUIDELINES

Committee on Undergraduate Honors

-

### Introduction

The Senior Honors Thesis is the culmination of your college experience, emphasizing critical thinking, writing, and independent work. Your thesis may relate to your major, but it does not have to. You are encouraged to select a topic that you find exciting and satisfying, and that will allow you to be creative. Completing an Honors Thesis is an opportunity to:

- Satisfy your intellectual curiosity
- Develop transferable skills
- Work closely with faculty mentors
- Open windows into future professions

Students who successfully complete their theses are eligible to graduate with honors in the discipline in which the thesis is written. Though not a requirement, completion of an honors thesis is highly recommended for BA majors and for all students who are considering pursuing an advanced (masters, doctoral, or professional) degree.

The Honors Thesis is, in most cases, a two-semester project completed under the supervision of a faculty mentor. Students completing theses in the Natural Sciences may be given permission to undertake a three-semester project. Since the thesis constitutes six to twelve semester hours of the baccalaureate degree program, it should reflect a significant time commitment, be of high quality, and demonstrate personal intellectual growth.

If you are thinking of writing an honors thesis, please contact Dr. Frank Heiland, Chair of the Committee on Undergraduate Honors [frank.heiland@baruch.cuny.edu] one full semester prior to the anticipated start date. Most students write a thesis in their senior year, though it may be possible for upper juniors to enroll.

### Proposing a thesis project

In order to pursue an honors thesis project, a student must meet the following qualifications:

- 3.5 GPA in the discipline in which the thesis will be completed.
- 3.5 cumulative GPA.
- Approval of proposed thesis mentor, department honors coordinator/committee, and Chair of College Committee on Undergraduate Honors.

Please note that some departments/disciplines may have additional prerequisites. If a student has fulfilled the prerequisites in more than one discipline/department, it is possible to undertake an interdisciplinary thesis project [IDC 6001H/6002H]. While most students complete traditional research projects, creative endeavors [e.g. writing a play or novel] may be considered.

Please consult with the department in which you plan to do honors works and with the Chair of the Committee on Undergraduate Honors for further information. If you are enrolled in the Baruch College Honors Program, you should also consult with your academic advisor.

#### *Preparing a Prospectus*

The "Application and Prospectus for an Honors Thesis" cover sheet (2 pages, available at this site <<http://blsciblogs.baruch.cuny.edu/honors/honors-program-requirements/academic-requirements/>>. Scroll down to click on "Honors Thesis Application"). Instructions can be found there, but the major requirements include:

1. A statement of the major objectives of your proposed study.
2. A description of the procedures you will follow to complete your research.
3. A statement of where the experimental, field study and/or the library work is to be performed.
4. A short bibliography, including some of the seminal works relating to the thesis topic

#### DUE DATE:

The prospectus must be completed during the semester prior to the one in which you expect to begin the thesis [usually upper junior or lower senior year]. The **proposal must be submitted to the Chair of the College Committee on Undergraduate Honors committee by April 1<sup>st</sup> for a project starting in the fall semester or November 1<sup>st</sup> for a project starting in the spring semester.** The committee will review the proposal and approve it or suggest revisions. **If you are asked to make changes then you must complete your revisions and resubmit the prospectus to the committee chair no later than May 1<sup>st</sup> for enrollment in the fall semester or December 1<sup>st</sup> for enrollment in the spring semester.** Students may not enroll in either Thesis I [6001H] or Thesis II [6002H] during the winter session or summer session terms.

The prospectus must be approved by your mentor, department chair, and the Committee on Undergraduate Honors. The Committee on Undergraduate Honors reserves the privilege of recommending changes in the thesis proposal. Students must not commence work on their theses until the proposal has been given full approval. Where human subjects are involved, students will also have to secure Institutional Review Board approval before collecting data.

For more guidance on writing a prospectus and selecting a mentor, please see Charles Lipson's *How to Write a BA Thesis: A Practical Guide from your First ideas to your Finished Paper*, which is on sale in the Baruch College bookstore. This text is available as an e-book through Baruch's library: <http://site.ebrary.com/lib/baruch/docDetail.action?docID=10216904>

#### After approval: The first semester

- Register for XXX 6001H (this will be done for you, by the Chair of the Baruch College Committee on Undergraduate Honors). You are strongly encouraged not to register for more than a total of 16 credits in the semesters in which you are writing a thesis. Thesis writing is a very intensive and time-consuming process. You will not be registered for XXX 6002H until your mentor gives his/her written approval to the Chair of the Committee on Undergraduate Honors. Approval is based on evidence that you are making satisfactory progress toward the completion of your project.

- Depending upon the discipline, the thesis project normally requires 3-4 credit hours per semester for two consecutive semesters. In the natural sciences, three-semester projects may be approved.
- Most of the work during first semester is done with your mentor and the Honors Thesis Workshop. By the second semester, your mentor should set up a departmental committee of at least two additional readers.
- Your mentor and departmental committee will determine the appropriate presentation style for thesis in its discipline. Consult with your mentor to reach understanding on what is expected of your thesis.

#### Support throughout the thesis-writing process

In addition to the primary guidance of your mentor, the following resources are available to support you in the process of writing your thesis:

- Honors Thesis Workshop. This workshop, led by the Writing Center and the Library, meets approximately twice a month during the semester and provides support in the research and writing associated with the thesis process--for example, in articulating a research question, using sources strategically, drafting, and revising. Contact Writing Center Director Keri Bertino ([keri.bertino@baruch.cuny.edu](mailto:keri.bertino@baruch.cuny.edu), 646-312-4028, NVC 8-185) with any questions.
- Baruch Research Librarian Professor Stephen Francoeur (Library Building; Room 316; 646 312-1620, [Stephen.Francoeur@baruch.cuny.edu](mailto:Stephen.Francoeur@baruch.cuny.edu)).
- You are also strongly encouraged to purchase Charles Lipson's *How to Write a BA Thesis: A Practical Guide from your First ideas to your Finished Paper*, which is on sale in the Baruch College bookstore. This text is available as an e-book through Baruch's library: <http://site.ebrary.com/lib/baruch/docDetail.action?docID=10216904>
- Your faculty mentor may recommend additional reference books that are appropriate for your discipline.
- Writing Center consultants are available for weekly or occasional meetings to help you in developing your project, structuring your argument, revising on the sentence level, etc. Schedule and appointments are available through [www.baruch.cuny.edu/writingcenter](http://www.baruch.cuny.edu/writingcenter), or contact Writing Center Director Keri Bertino ([keri.bertino@baruch.cuny.edu](mailto:keri.bertino@baruch.cuny.edu), 646-312-4028, NVC 8-185).

#### Thesis Requirement

##### **Due Date**

**One hard copy, one e-mail attachment (as a Word document), and one copy of your thesis on a flashdrive must be submitted to the Chair of the College Committee on Undergraduate Honors on or before the first Monday in December or the last Monday in April, depending upon the semester of completion. If the student anticipates any difficulty meeting this deadline, s/he must consult with the thesis mentor and with the Chair of the Committee on Undergraduate Honors.**

Although there are certain formal requirements of every thesis, listed below, **the vast majority of requirements, such as page count, appropriate presentation and citation styles, etc. will be determined individually for each student in conversation with his or her mentor.** Students should work with their mentors to determine a length appropriate to the scope and discipline of their project. Please do this work early so that expectations are clear throughout the thesis-writing process. Remember, a thesis is significantly more than a traditional term paper. It entails at least as much time and effort as two upper level honors courses.

##### *Content*

- The thesis must start with a brief (at most one-page) abstract. It must include a table of contents [including chapter titles], and it must include a standard system of citation commonly employed in the thesis writer's field.
- There must be a clearly articulated thesis statement and the paper must in a well-written, well-organized, and coherent fashion address the thesis statement. The methodology used to defend the thesis argument must be made clear. The Committee on Undergraduate Honors takes writing very seriously. If you are having trouble with the organization of the paper or writing style, you should consult with the Writing Center (VC 8-185) as well as your mentor. Keep in mind that the College Committee on Undergraduate Honors is composed of faculty representing several disciplines. While your paper should be written in a format that is appropriate for your field of study, the methodology and discussion of findings should be written in a manner that is understandable to educated readers who are not experts in that field.

##### *Format*

- Cover page
  - Departmental Certification of the completed thesis shall take the form of a statement, which becomes the thesis cover page and includes the following information:
    - Student's name
    - Title of thesis
    - Date of submission
    - Signature of faculty sponsor
    - Signatures of at least two additional full-time Baruch faculty members in a relevant field of study who have read and approved the thesis
    - The cover page must also include the following statement with the appropriate phrases inserted: "Submitted to the Committee on Undergraduate Honors at Baruch College of the City University of New York in partial fulfillment of the requirements for the degree of Bachelor of Arts/Bachelor of Business Administration/Bachelor of Science in [Discipline] with Honors."
    - The thesis requires this cover page in order to be passed.
  - Each student should submit 1 bound copy and 1 electronic copy of his/her thesis for review. The original cover page of the hard copy should be submitted separately. The electronic copy should be submitted in two forms: as a word document emailed to the chair of the Undergraduate Honors Committee and on a flashdrive that is submitted with the bound copy.
  - Citation style: Each student should use a citation style (e.g. MLA, APA, etc.) appropriate for the discipline in which he/she is working. Please determine this with your mentor.

### Thesis Evaluation

- At the end of the first semester, if the student's progress is satisfactory, the mentor assigns a "Y" grade. This allows the student to register for XXX 6002H. If the work is not satisfactory, the mentor may assign a letter grade, precluding the student from continuing the thesis project the following term.
- At the conclusion of the second semester, the mentor assigns a letter grade to the project, with retroactively applies to the prior semester as well. If the mentor assigns grade of "A" or "A-" and departmental committee approves, the thesis is forwarded to College Committee on Undergraduate Honors.
- Students whose work is not deemed to have earned an "A" will still receive academic credit and a grade, to be determined by the thesis mentor.
- The Departmental Honors Committee will certify the thesis for presentation to the College Committee on Undergraduate Honors.
- The College Committee on Undergraduate Honors determines whether or not a thesis has earned the distinction of graduation with honors in the designated discipline. All decisions of the committee are considered final.
- The regulations shall apply to all students in all disciplines. In cases where a contradiction between these regulations and those of the Departmental Honors Committee arises, the regulations of the College Committee on Undergraduate Honors shall prevail.
- Theses awarded honors will normally be displayed in the Newman Library and on the library website (with written permission of the thesis writer).
- Action on theses submitted past due dates shall be deferred by the College Committee on Undergraduate Honors until the following review cycle, so long as the student has not completed all degree requirements. No provision is made for review during the summer.

### Mandates

- Theses will not be accepted by the Committee on Undergraduate Honors after the due date.
- Theses must be read and approved by the student's mentor and two additional readers in the discipline in which the thesis is being written.
- In order to receive approval for graduation with honors, the thesis MUST include:
  - A signed cover sheet
  - An abstract
  - A table of contents
  - A well-articulated thesis statement
  - A research methodology statement that describes the main definitions, methods, procedures, and techniques used to defend the thesis argument
  - Strong support of that thesis statement throughout the body of the paper
  - Citations standard to the field in which the thesis is written (e.g. MLA, APA)

\*Part of the Baruch Common Core. Available only to students who entered Baruch **before** Fall 2013.

\*\*Students who enter Baruch in Fall 2013 will have to complete the Pathways at Baruch: College Option.

# Pathways at Baruch

Since Fall 2013, all CUNY colleges have adhered to a uniform set of general education requirements known as CUNY Pathways. Although the courses that can be used to fulfill these requirements differ from college to college, the basic set of requirements is the same throughout the CUNY system. With few exceptions, any requirement that a student fulfills at one CUNY college will be considered fulfilled at any other CUNY college to which he or she transfers.

Students who entered Baruch in Fall 2013 or later must complete "Pathways" to obtain a degree. In July 2013, continuing students had the choice either to opt-in to the Pathways requirements or to complete the set of general education requirements that was in place at the college until Fall 2013 (the [Baruch Common Core](#)).

There are three parts to the Pathways requirements: I) the Required Core; II) the Flexible Core; and III) the College Option.

## **Part I: The Required Core (4 courses in 3 categories)**

The Required Core is made up of four courses, which must be taken in three different categories: **1) English Composition**; **2) Mathematical and Quantitative Reasoning**; and **3) Life and Physical Sciences**. The learning goals or outcomes of each area within the Required Core are listed [here](#).

At Baruch College, the courses that satisfy the Required Core are:

### **English Composition** (two courses required)

ENG 2100 (or ENG 2100T)      Writing I

ENG 2150 (or ENG 2150T)      Writing II

### **Mathematical and Quantitative Reasoning\*** (one course required)

MTH 2140      Mathematics and Quantitative Reasoning\*\*

MTH 2160      Ideas in Mathematics and Their Applications\*\*

MTH 2003      Precalculus and Elements of Calculus

MTH 2205      Applied Calculus

MTH 2207      Applied Calculus and Matrix Applications

MTH 2610      Calculus I

\* Zicklin and SPA students should not take MTH 2140 or MTH 2160, which do not meet the mathematics requirement for the BBA or BS degrees. Zicklin students must complete a course in Calculus (and must satisfy the prerequisites for whichever Calculus course they take). Therefore, these students usually take MTH 2003 and one of the Calculus courses listed above. SPA students must complete a course in either Precalculus or Calculus.

\*\* MTH 2140 and MTH 2160 are not appropriate for students within the Weissman School of Arts and Sciences whose major requires a statistics course or additional math courses (such majors include: Actuarial Science, Biological Sciences, Economics, Mathematics, Natural Sciences ad hoc, and Statistics).

Students who wish to pursue a BA in Psychology may use MTH 2140 or MTH 2160 to satisfy the Pathways requirement, but might be required to complete MTH 1030 College Algebra, to satisfy the prerequisite for that major's required statistics course. For more information, please consult the Office of the Associate Dean (room 8-265 of the Newman Vertical Campus; telephone: 646-312-3890).

### **Life and Physical Sciences\*** (one course required)

BIO 1012      Fundamentals of Biology: Human Biology Laboratory

(co-requisite with BIO 1011L in the Flexible Core)

BIO 1016      Fundamentals of Biology Laboratory: Research in Genetics, Evolution, and Ecology

(co-requisite with BIO 1015L in the Flexible Core)

- CHM 1004 Fundamentals of Chemical Laboratory Techniques  
(co-requisite with CHM 1003L in the Flexible Core )
- ENV 1004 Fundamentals of Ecological Research  
(co-requisite with ENV 1003L in the Flexible Core )
- PHY 2001 Fundamentals of Experimental Physics  
(co-requisite with PHY 2002L in the Flexible Core )

**Part II: The Flexible Core (6 courses in 5 categories)**

è See below for changes to the Flexible Core that took effect in Spring 2016.

The Flexible Core is made up of six courses, which must be taken in five different categories (numbered 4-8): **4) World Cultures and Global Issues; 5) U.S. Experience in its Diversity; 6) Creative Expression; 7) The Individual and Society;** and **8) Scientific World**. To fulfill the six-course requirement, students may not take more than one course from any one department, discipline, or interdisciplinary field. The learning goals or outcomes of each area within the Flexible Core are listed [here](#).

Please note that some departments offer courses in more than one category...

- ANT and SOC courses are offered by the Department of Sociology and Anthropology;
- ART, MSC, and THE courses are offered by the Department of Fine and Performing Arts;
- BLS and LTS (formerly HSP) courses are offered by the Department of Black and Latino Studies;
- BIO, ENV, CHM, and PHY courses are offered by the Department of Natural Science; and
- Within the Pathways Flexible Core, POL and PAF (formerly PUB) are considered to be a single field.

...Therefore, the sixth course may not be taken from **Creative Expression**, which consists of courses from a single department. Until Spring 2016 this was also true of the **Scientific World** category, since the only courses it contained were offered by the Department of Natural Sciences. But in Spring 2016, PSY 1001 was added to the **Scientific World** category; see below.

The courses at Baruch College that satisfy the Flexible Core are:

**Category 1. World Cultures and Global Issues (at least one course required)**

- ANT 1001 Introduction to Cultural Anthropology
- HIS 1001 Themes in Global History to 1500 C.E.
- HIS 1003 Themes in Global History Since 1500 C.E.
- LTS 1003 Latin America: An Institutional and Cultural Survey
- POL 2001 United States in an Age of Globalization
- POL 2260 Introduction to Comparative Government

**Category 2. U.S. Experience in its Diversity (at least one course required)**

BLS 1003	Evolution and Expressions of Racism
HIS 1000	Themes in American History
HIS 1005	Modern American History
PAF 1250	Citizenship and Public Affairs
POL 1101	American Government: Practices and Values
POL 2332	American Political Thought

**Category 3. Creative Expression (one course required)**

ART 1000	Introduction to Design and Visual Communications
ART 1011	Art History Survey I
ART 1012	Art History Survey II
MSC 1003	Music and Civilization
MSC 1005	Principles of Music
THE 1041	Introduction to the Theatre Arts

**Category 4. The Individual and Society (at least one course required)**

PHI 1500	Major Issues in Philosophy
PHI 1600	Logic and Moral Reason
PHI 1700	Global Ethics
SOC 1005	Introduction to Sociology

**Category 5. Scientific World (one course required)**

BIO 1011L	Fundamentals of Biology: Human Biology Lecture (co-requisite with BIO 1012 in the Required Core )
BIO 1015L	Fundamentals of Biology: Genetics, Evolution, and Ecology Lecture (co-requisite with BIO 1016 in the Required Core)
CHM 1003L	Fundamentals of Chemistry (co-requisite with CHM 1004 in the Required Core)
ENV 1003L	Fundamentals of Ecology

(co-requisite with ENV 1004 in the Required Core)

PHY 2002L Fundamentals of Physics: Theory and Practice

(co-requisite with PHY 2001 in the Required Core)

PSY 1001 General Psychology (added to the Flexible Core beginning in Spring 2016)

**Students who wish to pursue a major or minor in the Natural Sciences** should satisfy the **Life and Physical Sciences** requirement with one of the following STEM Variant courses:

BIO 2010 Principles of Biology I

CHM 2003 General Chemistry I

PHY 2003 General Physics I

PHY 3010 Quantitative Physics I

#### **CHANGES EFFECTIVE SPRING 2016**

In Spring 2016, PSY 1001 was added to the **Scientific World** category. The following policies went into effect at that time:

- Students who enter Baruch as freshmen must take the co-requisite Natural Sciences courses to satisfy the **Life and Physical Sciences** requirement and the **Scientific World** requirement. They may take PSY 1001, but it can be used only as their sixth Flexible Core course (or as a non-Pathways elective). It cannot be used to satisfy the **Scientific World** requirement.
- Students who enter Baruch with AP credit for Life and Physical Sciences may use Psychology 1001 to satisfy the **Scientific World** requirement.
- Transfers who have satisfied neither science requirement at the time they entered Baruch must take the co-requisite Natural Sciences courses to satisfy the **Life and Physical Sciences** requirement and the **Scientific World** requirement. They may take PSY 1001, but it can be used only as their sixth Flexible Core course (or as a non-Pathways elective). It cannot be used to satisfy the **Scientific World** requirement.
- Transfers who have already satisfied the Life and Physical Sciences requirement at the time they entered Baruch may satisfy the **Scientific World** requirement with a stand-alone Natural Sciences section in that category or with PSY 1001.
- Transfers who have already satisfied the Scientific World requirement at the time they entered Baruch may satisfy the **Life and Physical Sciences** requirement with a stand-alone Natural Sciences section in that category and may take PSY 1001 as their sixth Flexible Core course.
- Transfers who enter Baruch with credit for Psychology 1001 may use it to satisfy the **Scientific World** requirement and may satisfy the **Life and Physical Sciences** requirement with any stand-alone Natural Sciences section in that category.
- Transfers who have already satisfied both the Life and Physical Sciences and the Scientific World requirements at the time they entered Baruch may take PSY 1001 as their sixth Flexible Core course.

#### **Part III: The College Option (1-4 courses)**

The College Option consists of as many as four courses, depending on how much coursework the student has completed at another institution. For students who started taking classes at Baruch before Spring 2015, the requirements for the College Option differed depending on whether the student was pursuing a degree in the Macaulay Honors College, the Weissman School of Arts and Sciences, the Zicklin School of Business, or the School of Public Affairs. For students who started taking classes in Spring 2015 or after, there is a single college option for all students except those in the Macaulay Honors College. All versions are outlined below. Whether before or after Spring 2015:

- A student who enters Baruch as a freshman will take all four college option courses listed through the links or in the table below.
- A student who transfers to Baruch with 30 or fewer total credits from an associate program in any college (including non-CUNY regionally accredited colleges) will take all four college option courses listed through the links or in the table below.
- A student who transfers to Baruch with more than 30 total credits from an associate program in any college (including non-CUNY regionally accredited colleges but without an associate degree) will take the first three courses listed through the links or in the table below.

- A student who has completed an associate degree at any college (including non-CUNY regionally accredited colleges) will take the first two courses listed through the links or in the table below.
- A student who has completed nine credits of the College Option at another senior college will take only one course: the first course listed through the links or in the table below.
- A student who has earned a Bachelor's degree will be deemed to have fulfilled the College Option requirements at Baruch.

There were four distinct College Options for students who began taking classes at Baruch before spring 2015. They were based on whether the student: 1) belonged to the Macaulay Honors College; 2) planned to receive a Bachelor of Arts (BA) degree from the Weissman School of Arts and Sciences--the specifics of this option varied according to date of entry (see below); 3) planned to receive Bachelor of Business Administration (BBA) degree from the Zicklin School of Business; or 4) planned to receive a Bachelor of Science (BS) degree from the School of Public Affairs--the specifics of this option varied according to date of entry (see below). As of Spring 2015, Macaulay students retain their distinct College Option but all other Baruch undergraduates follow the "Baruch College Option."

#### Macaulay Honors Option at Baruch College

Course 1	IDC 1001H	The Arts in New York City
Course 2	IDC 3001H	The Peopling of New York
Course 3	IDC 3002H	Science and Technology in New York City
Course 4	IDC 4001H	New York in the Twenty-First Century

#### College Option for the Bachelor of Arts (BA) degree from the Weissman School of Arts and Sciences

BA students entering Baruch or opting in to Pathways in Fall 2013, follow the four courses below of this Weissman College Option:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2	COM 1010	Speech Communication
Course 3		1st Foreign Language course (based on placement)*
Course 4		2nd Foreign Language course (the same language as the 1st Foreign Language course)*

\*One of these courses must be completed at Baruch.

BA students entering Baruch or opting in to Pathways from Spring 2014-Fall 2014, follow the four courses below of this Weissman College Option:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		1st Foreign Language course (based on placement)*
Course 3		2nd Foreign Language course (the same language as the 1st Foreign Language course)*
Course 4	COM 1010	Speech Communication

\*One of these courses must be completed at Baruch.

BA students entering Baruch or opting in to Pathways starting Spring 2015 or later, follow the four courses of the Baruch College Option:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		4000-level CIC "capstone" course for one of the liberal arts minors  <b>This course <u>must</u> be completed at Baruch.</b>
Course 3		1st 3000-level liberal arts course toward the same liberal arts minor
Course 4		2nd 3000-level liberal arts course toward the same liberal arts minor

**College Option for the Bachelor of Business Administration (BBA) degree from the Zicklin School of Business**

BBA students entering Baruch or opting in to Pathways beginning in Fall 2013 follow the four courses of the Baruch College Option (from Fall 2013-Fall 2014, this option was known as the Zicklin College Option):

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		4000-level CIC "capstone" course for one of the liberal arts minors  <b>This course <u>must</u> be completed at Baruch.</b>
Course 3		1st 3000-level liberal arts course toward the same liberal arts minor
Course 4		2nd 3000-level liberal arts course toward the same liberal arts minor

**College Option for the Bachelor of Science (BS) degree from the School of Public Affairs**

BS students entering Baruch or opting into Pathways in fall 2013 have three ways of completing the College Option:

1. They may fulfill the BA Option for students who entered or opted-in in Fall 2013 (see above);
2. They may fulfill the BBA Option (see above);
3. They may fulfill the BS College Option outlined directly below:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		a 3000- or 4000-level liberal arts course selected by the student in consultation with the SPA faculty advisor
Course 3		a 3000- or 4000-level liberal arts course selected by the student in consultation with the SPA faculty advisor
Course 4		a 3000- or 4000-level liberal arts course selected by the student in consultation with the SPA faculty advisor

BS students entering Baruch or opting into Pathways from Spring 2014-Fall 2014 have two ways of completing the College Option:

1. They may fulfill the BA Option for students who entered or opted-in during Spring 2014-Fall 2014 (see above);
2. They may fulfill the BBA Option.

BS students entering Baruch or opting in to Pathways starting Spring 2015 or later, follow the Baruch College Option:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		4000-level CIC "capstone" course for one of the liberal arts minors  <b>This course <u>must</u> be completed at Baruch.</b>
Course 3		1st 3000-level liberal arts course toward the same liberal arts minor
Course 4		2nd 3000-level liberal arts course toward the same liberal arts minor

# Bachelor of Business Administration

The BBA program consists of 124 credits: a minimum of 62 credits in arts and sciences and 54 credits in required business courses (30 credits in the business base and 24 credits in the major). The remaining 8 credits are considered free electives and may be used for arts and sciences and business courses. Students must not only maintain a minimum C average (or 2.0 GPA) in their degree work, but they must also achieve at least a C average in their major and must complete a minor in arts and sciences (Liberal Arts minor). The minor requirement, which is included in the 62-credit arts and sciences requirement, consists of three courses of disciplinary study (in some instances, interdisciplinary). The first two courses are taken at the 3000 level or higher, and the final course must be a 4000-, 5000-, or 6000-level capstone course. Capstone courses are research oriented and communication intensive. Students may choose to complete a second minor in a business discipline using free electives.

- A minimum of 60% of the credits in the major field must be completed at Baruch College.
- A transfer student must meet all degree requirements and take a minimum of 31 credits at Baruch for the BBA degree.
- Second degree students cannot major in Accounting.
- A second-degree business student must meet all degree requirements and complete a new specialization and take a minimum of 31 credits at Baruch, of which a minimum of 27 credits must be in business courses.
- None of the courses in the second major can have been used for the previous major if your first undergraduate degree was completed at Baruch.
- There is no GPA requirement for College Option courses, but to graduate with a liberal arts minor, a student must have a grade point average of at least 2.0 in the three courses that make up the minor.

## Eligibility Criteria / Pre-Business Courses

In order to be eligible for admission into the Zicklin School of Business, students need to satisfy all of the following criteria:

- Completion of **COM 1010** *Speech Communication* or **ENG 2150** *Writing II*
- Completion of the following 8 pre-business courses with a minimum 2.25 GPA<sup>1,2</sup> or higher
  1. **ACC 2101** *Principles of Accounting*
  2. **CIS 2200** *Introduction to Information Systems and Technologies*
  3. **ECO 1001** *Microeconomics*
  4. **ECO 1002** *Macroeconomics*
  5. **ENG 2100** *Writing I*
  6. **LAW 1101** *Fundamentals of Business Law*
  7. **Calculus** - MTH 2205/2207/2610 (or equivalent)
  8. **STA 2000** *Business Statistics I*
- Completion of at least 45 credits with an overall Baruch GPA<sup>3</sup> of 2.25 or higher

<sup>1</sup> Domestic transferred pre-business course grades will be used in calculating the pre-business GPA.

<sup>2</sup> International transferred and AP credit pre-business courses will not be used in calculating the pre-business GPA.

<sup>3</sup> New transfer students who have completed all pre-business courses will be eligible for admission to Zicklin despite the fact that they do not have a Baruch GPA.

## Zicklin Admission Process

There are no applications. Students who fulfill all requirements stated above will automatically be reviewed for admission approximately 2-3 weeks after the semester ends.

### **Exceptions that require manual processing:**

- Students whose **lowest calculus** (transferred or AP credit) is MTH 3010 or higher must go to Rm VC 13-240 after completing all eligibility requirements stated above, to be manually admitted into Zicklin.

- Students who have transferred pre-business courses that posted onto their Baruch transcript with grades (A+, D-, S, or P) must go to Rm VC 13-240 after completing all eligibility requirements stated above, to be [manually admitted into Zicklin](#).

**In order to be considered for admission, students must have an intended BBA plan (major) on their CUNYfirst account prior to completing all eligibility requirements.** Students can check their CUNYfirst Student Center (click "My Academics") to see if their plan (major) is correct. If a student's plan is not already a BBA plan, they must make sure to submit an intended major change form to the Registrar's Office before the semester ends, or else the student's admission into Zicklin will be delayed.

### **Required Business Base Courses (30 credits)**

ACC 2101	Principles of Accounting ( <i>pre-business course</i> )

# Bachelor of Science in Public Affairs

The Bachelor of Science in Public Affairs (BSPA) is the public policy advocacy and analysis degree that makes a difference. Students learn to formulate, implement, and evaluate creative solutions to challenging global, national, state, and local problems. The emphasis is on understanding practical ways to help others and to improve public policy.

The BSPA requires 120 credits: a minimum of 30 public affairs credits and another 90 credits from the [CUNY Pathways general education curriculum](#). In the Pathways curriculum, the recommended college option for BSPA students is a [liberal arts minor](#). Minors relevant to public affairs include law, environmental sustainability, information studies, and survey research. BSPA students are not eligible to double major.

Public affairs courses are offered both in-person and on-line. Classes are small with 20-25 students. The professors are accomplished scholars with Ph.D. degrees from major universities or lecturers with current and previous positions as top policy leaders. The curriculum examines how public and nonprofit organizations are involved in the policy process. Civic engagement skills are developed in economic and financial analysis, political negotiations, qualitative and quantitative methods, and rhetoric. Policy areas of interest include the arts, community development, education, the environment, health care, housing, immigration, and social welfare.

BSPA majors may complete multiple internships to gain the real-world experience that attracts the interest of employers. Review [School of Public and International Affairs internships](#) for more information, or contact Professor [Michael Feller](#), the School's Internship Director.

## Admission

To become a student at Baruch College requires an application to the City University of New York (CUNY). There are separate applications for freshman and transfers from community colleges. The deadline for entry in the fall semester is February 1 and for the spring semester it is September 15. Connect to [Apply to CUNY](#) for the online application.

You may select [public affairs](#) as your major when applying to Baruch or after you arrive on campus by submitting a [BSPA Major Declaration Form](#) to [spa.bspa@baruch.cuny.edu](mailto:spa.bspa@baruch.cuny.edu) or in-person to an advisor located at 135 E. 22nd Street, 4th Floor.

To gain more BSPA information, email [spa.bspa@baruch.cuny.edu](mailto:spa.bspa@baruch.cuny.edu), visit an advisor from 10:00am to 5:00pm weekdays at 135 E. 22nd Street, 4th floor (no appointment necessary), or attend a monthly information session.

## Pre-requirement to the Public Affairs Major

Completion of 45 credit hours with an overall GPA of 2.25 that includes one of the following courses:

[PAF 1250 Citizenship and Public Affairs](#) (3 credits)

OR

[POL 1101 American Government: Practices and Values](#) (3 credits)

# Bachelor of Arts

The Bachelor of Arts curriculum consists of the [Pathways general education curriculum](#), the major (at least 24 credits), and elective credits. A total of at least 120 credits and a minimum C (2.0) average – cumulative, and in the major – are required for graduation. There is no GPA requirement for College Option courses, but in order to graduate with the liberal arts minor, a student must have a grade point average of at least 2.00 in the three courses that make up his or her minor. A minimum of ninety (90) credits must be in arts and sciences courses.

At least 60 percent of the credits in the major must be taken at Baruch. Transfer students must meet all degree requirements and take a minimum of at least 30 credits at Baruch.

## **Declaring a Liberal Arts Major**

To officially declare a major in the Weissman School of Arts and Sciences, a student must be registered at Baruch College, and must have established an overall GPA of at least 2.0. A minimum of 60% of the credits in the major must be completed at Baruch College.

## **Major/Specialization Forms**

Every student who wishes to pursue a major in the Weissman School must complete a [Major/Specialization Form](#), ideally before the end of the junior year. The form is completed in consultation with a faculty advisor in the major department. Once the major form is signed by the faculty advisor, the department submits it to the Office of the Associate Dean for school approval.

## **Double Majors**

Weissman School of Arts and Sciences students wishing to complete double majors must file two separate major/specialization forms, each with the appropriate department advisor's signature. The Office of the Associate Dean then approves the two major forms. Please note that both majors must be in Weissman departments.

A double major will appear on a student's transcript only if the courses listed on both forms are completed at the time of graduation. Students who want to combine courses from two disciplines into a single major should consider the Arts and Sciences [ad hoc major](#) option. Students who want to combine a discipline at Baruch College with another at a different senior college should consider the [CUNY BA option](#).

## Field Description

The profession of accountancy has an enormous impact on people's livelihoods and retirement benefits and the nation's business and economic climate. Indeed, accounting is the base upon which the critical business skills of finance, management, marketing, and communications rely. Whether they work for public accounting firms, not-for-profits, or governmental agencies, accountants provide the key to effective operations and expansion.

In conducting its program, the Stan Ross Department of Accountancy provides undergraduate students with both the technical tools and the general background necessary for successful careers in accounting, as well as providing accounting knowledge to students with majors in areas other than accounting. The department's accounting program focuses on the development, measurement, analysis, validation, and communication of financial and other information. Much of the emphasis is directed to enhancing the students' ability to understand the environment and to alert students to the broad implications of accounting principles, procedures, and accounting decisions. Baruch's accounting program is designed to prepare students to become leaders in business, not-for-profit organizations, and government.

## The Major

### BBA in Accounting

The BBA in accounting is offered by the Stan Ross Department of Accountancy. The undergraduate accounting program is intended to provide students with a general liberal arts and sciences background as well as a foundation in general business practices and an understanding of accounting concepts and theory.

The accounting major is separately accredited by AACSB International—The Association to Advance Collegiate School of Business.

Students who take their first 3000-level accounting course in Fall 2006 or thereafter must earn a minimum cumulative GPA of 2.5 in the following 3000-level Accountancy courses taken at Baruch (minimum of 8 credits must be taken at Baruch): ACC 3000, 3100, 3200, and 3202. Enrollment in TAX 4309H requires a cumulative 3.5 GPA overall and in ACC 3000, 3100, and 3200 when taken at Baruch.

The following courses are required for the BBA in accounting:

#### Accounting Base 6 credits

<a href="#">ACC 2101</a>	Principles of Accounting	3 credits

# Arts and Sciences Ad Hoc Programs

- [Field Description](#)
- [The Major](#)
- [Popular Ad Hoc Categories](#)

## Field Description

When a student's educational objectives cannot be fully attained solely by study within an existing department, program, or school, he or she is given the option of devising an ad hoc pattern of courses in an area of concentration of his or her own choosing. A student may embark upon an arts and sciences ad hoc major following preparation and formal acceptance of a proposal outlining the area of study, the desired outcomes, and the educational values of the program. Arts and sciences ad hoc majors have been devised by students interested in majoring in area studies, children's studies, fine and performing arts, modern languages, the natural sciences, and religion and culture.

[back to top](#)

## The Major

As described above, the arts and sciences ad hoc major is a student-designed course of study. Students create this major by combining courses from two or more departments into an integrated field of study with a clear liberal arts focus. There is no ad hoc major within the Zicklin School of Business or the School of Public Affairs.

The Weissman School of Arts and Sciences ad hoc major requires a minimum of 30 credits, with at least 24 liberal arts credits. The major must contain courses from at least two different Weissman departments, with a minimum of three courses (9–12 credits) from each of those departments. A maximum of three non-liberal arts courses may be included in an ad hoc major to provide support and/or supplementation to a strong liberal arts concept. No more than three courses from the Zicklin School of Business (3000-level and above) may be used in a Weissman ad hoc major. Students interested in including business courses in their ad hoc major should refer to the following website for the list of courses approved for use: [http://www.baruch.cuny.edu/wsas/student\\_resources/declare\\_major\\_ad\\_hoc.htm](http://www.baruch.cuny.edu/wsas/student_resources/declare_major_ad_hoc.htm)

Students are required to attend an ad hoc workshop led by Dr. Wendy Heyman, Arts and Sciences Coordinator in the Starr Career Development Center. Once drafted, the ad hoc proposal must be reviewed and approved by Dr. Heyman, faculty advisors from two of the Weissman departments in which at least three courses (9–12 credits) will be completed, and the Office of the Associate Dean, Weissman School of Arts and Sciences.

[back to top](#)

## Popular Ad Hoc Categories

The following interdisciplinary concentrations offer specific guidelines. Please make an appointment with the appropriate faculty advisor.

### [The Arts: Art, Theatre, And Arts Administration](#)

Under the guidance of a faculty advisor, students may design an ad hoc major in arts administration or theatre as preparation for graduate study or arts management. Students interested in including art courses or theatre courses as part of an arts and sciences ad hoc major should contact the Department of Fine and Performing Arts at 646-312-4052.

Students interested in a career in the field of management and administration in the arts may consider the interdisciplinary arts administration specialization. In the visual arts or theatre, students complete an appropriate ad hoc major, an internship in an arts organization, and arts administration courses. This major and department course offerings are described in full in the departments section in Part 8 of this bulletin. Students may also contact the Department of Fine and Performing Arts at 646-312-4052 for additional information.

### [Asian And Asian American Studies](#)

Students can combine Asian and Asian American studies courses with other liberal arts disciplines as well as courses in international business to devise a unique ad hoc major in arts and sciences. Students interested in including Asian and Asian American studies courses as part of an arts and sciences ad hoc major should contact History Professor Charlotte Brooks (646-312-4340; [charlotte.brooks@baruch.cuny.edu](mailto:charlotte.brooks@baruch.cuny.edu)) or Sociology and Anthropology Professor Carla Bellamy (646-312-4482; [carla.bellamy@baruch.cuny.edu](mailto:carla.bellamy@baruch.cuny.edu)).

Modern Languages And Comparative Literature (NEEDS LINK)

Students interested in including French, Spanish, or Italian as part of an arts and sciences ad hoc major should contact the Department of Modern Languages and Comparative Literature at 646-312-4210. For more information about department course offerings, students should review the departments section in Part 8 of this bulletin.

#### [Natural Sciences](#)

Students interested in including chemistry, environmental studies, or physics courses as part of an arts and sciences ad hoc major to prepare for graduate study in biology, for professional programs in medicine and health care, and for science teaching should contact the Department of Natural Sciences at 646-660-6200. For more information about department course offerings, students should review the department's section in Part 8 of this bulletin.

#### [Religion And Culture](#)

Students interested in including courses in religion and culture as part of an arts and sciences ad hoc major should contact Professor Michael Plekon, Department of Sociology and Anthropology, at 646-312-4472 or by e-mail at michael.plekon@baruch.cuny.edu. For more information about religion and culture courses, students should review the Religion and Culture Program pages in Part 8 of this bulletin.

## The Minor

The minor in Asian and Asian American studies is an interdisciplinary concentration offering the advanced study of Asian cultures and the histories and experiences of communities of Asian descent residing in the United States. This 9-credit minor is an ideal choice for students majoring in accounting, business, finance, management, or any discipline in the liberal arts. This minor is particularly recommended for students who are preparing for careers in education, law, business, social work, journalism, politics, and nonprofit organizations.

To fulfill the College-wide requirement for the Tier III minor with a concentration in Asian and Asian American studies, students are required to take two courses numbered 3000 and higher from the list below, and the capstone course in Asian and Asian American studies. In addition to fulfilling the 9-credit requirement, students interested in the Asian and Asian American studies minor are strongly advised to take at least one year of Chinese or Japanese language courses.

## Field Description

Students examine the theory and practice of communication in a variety of contexts, including business and nonprofit organizations, small groups, the mass media, and video- and computer-based media. Under the auspices of the department, students acquire the knowledge base and analytical skills necessary to become effective communicators within an increasingly intercultural business and public environment. Courses are intended to serve the general student population as well as those students who have selected the corporate communication specialization of the business communication major.

[back to top](#)

## The Major

Business Communication Major with a Specialization in Corporate Communication

The business communication major is designed for students who are interested in careers in business journalism, corporate communication, or graphic communication. Because the business communication field is essentially interdisciplinary in nature, the program integrates courses from several departments in the Weissman School of Arts and Sciences and the Zicklin School of Business.

The corporate communication specialization prepares students for careers as communication specialists in business, industry, government, and nonprofit organizations in such fields as media relations, investor relations, corporate advertising, and employee communication. Interested students should contact the Department of Communication Studies at 646-312-3720.

The major also offers specializations in graphic communication (see the [Department of Fine and Performing Arts](#) listing) and business writing (see the [Department of Journalism and the Writing Professions](#) listing).

## Field Description

The Bert W. Wasserman Department of Economics and Finance offers courses that enable students to prepare for careers in all areas of finance and business economics.

Economics presents theories and tools for systematic analyses of economic forces that affect everyday life. It includes microeconomics, macro-economics, and international economics. Micro-economics analyzes the actions and interactions of individual consumers, business, and government. Macroeconomics studies national income, inflation, unemployment, economic growth, and government policies. International economics builds on micro- and macro-economics to study international trade, finance, markets, and institutions.

Finance includes the study of money and capital markets, investments, and corporate finance. In addition to these traditional areas, it includes the study of modern developments in derivatives; financial market structure, such as electronic-based trading techniques and markets; and international markets and corporate finance.

## The Majors

- [The BBA Major in Finance](#)
- [The BBA Major in Economics](#)
- [The BA Major in Economics](#)

## The BBA Major in Finance

The finance major prepares students for professional positions in financial institutions, including commercial, investment, and savings banks; brokerage firms; insurance companies; investment advisory services; and finance companies. Students will also be well prepared to enter the finance departments of nonfinancial corporations, nonprofit institutions, and governmental agencies.

Students who are planning on future graduate study in finance or business are strongly recommended to include advanced courses in mathematics, statistics, and econometrics in their undergraduate programs.

Required courses for the BBA degree include [ECO 1001](#) , [ECO 1002](#) , and [FIN 3000](#) . FIN 3000 is a prerequisite to all other finance courses.

The finance major includes three required courses (9 credits) and five electives (15 credits).

Required Courses 9 credits

The three required courses build on the foundations of the introductory finance course. These courses are prerequisites to all 4000-level finance courses. Students must earn a GPA of 2.0 or better in the three required courses to take any of the 4000-level finance courses.

<a href="#">FIN 3610</a>	Corporate Finance	3 credits
--------------------------	-------------------	-----------

FIN 3710	Investment Analysis	3 credits
ECO 4000	Statistical Analysis for Economics and Finance	3 credits

Elective Courses 15 credits

The finance major includes five elective courses that students take after completing the three required courses with a 2.0 GPA or better. The five electives include five courses in finance, economics, ~~real estate finance~~ or insurance at the 3000 or 4000 level, subject to these specific requirements:\*

Either FIN 4610 or 4710: These are the capstone courses in the finance major, and both are communication-intensive courses (CIC)

Two additional 4000-level finance (FIN) courses (Note: The choice of FIN 4610 above does not preclude FIN 4710, and vice versa. In other words, students may include both FIN 4610 and FIN 4710 in the finance major if they choose.)

Two additional 3000- or 4000-level courses in finance (FIN), economics (ECO), insurance (INS) or ~~real estate finance (RES)~~.\*

In addition, students may include, at most, two of these courses outside finance:

ACC 3000	Financial Accounting I	3 credits
ACC 3100	Financial Accounting II	3 credits
RES 3200	Property Investment and Financing	3 credits
RES 3400	Real Estate Capital Markets	3 credits
RES 4200	Investment Strategies in Property Markets	3 credits
RES 4400	Valuations and Underwriting of Securitized Real Estate	3 credits

An internship training program is available to qualified fulltime juniors and seniors majoring in finance, with 1 credit or 3 credits a semester for 15 to 20 weekly hours of work. These credits cannot be counted toward those needed for the major.

Students must file a Major Declaration Form by the end of their junior year.

## The BBA Major in Economics

A BBA degree with a major in economics prepares students for entry-level positions in business, nonprofit organizations, governmental agencies, and private consulting. This work includes economic analysis, research, and empirical analysis.

Students choosing an economics major are advised that a position as a professional economist usually requires a graduate degree in economics. Students planning to enter a graduate program in economics are strongly recommended to include advanced courses in mathematics, statistics, and econometrics in their undergraduate programs.

Required courses for the BBA degree include [ECO 1001](#) and [ECO 1002](#), courses that form the foundation of knowledge in micro- and macro-economics, respectively. These courses are prerequisites for all other economics courses.

The economics major includes three required courses (9 credits) and five electives (15 credits).

Required Courses 9 credits

The three required courses build on the foundations of the introductory micro- and macro-economics courses. Economics majors should plan on taking all three, especially ECO 4000, as early in their major program as possible.

<a href="#">ECO 3100</a>	Intermediate Micro-Economics	3 credits
<a href="#">ECO 3200</a>	Intermediate Macro-Economics	3 credits
<a href="#">ECO 4000</a>	Statistical Analysis for Economics and Finance	3 credits

Elective Courses 15 credits

In addition to the three required courses, an economics major must take a meaningful combination of five economics, finance, or insurance courses at the 3000 level or higher. Of these five courses, at least two must be economics courses at the 4000 level or higher. FIN 3000 may not be included in the economics major. When appropriate, a student may include up to two advanced courses from other disciplines in the five electives.

An internship training program is available to qualified full-time juniors and seniors majoring in economics, with 1 credit or 3 credits a semester for 15 to 20 weekly hours of work. These credits cannot be counted toward those needed for the major.

Students must file a Major Declaration Form by the end of their junior year.

## The BA Major in Economics

A BA degree with a major in economics deals with concepts, techniques, and cases in economics that acquaint the student with the general economic problems of modern society. This degree provides students with an excellent general background for a wide range of challenging business careers.

There are several prerequisites for the major. The major itself includes three required courses (9 credits) and five electives (15 credits).

Prerequisites to the Major 12 or 13 credits

Tier III Minor in Economics

The Bert W. Wasserman Department of Economics and Finance recently introduced a Tier III minor in economics. The Tier III minor is 9 credits (three courses) and consists of two 3000-level courses and a relevant 4000-level, communication-intensive economics capstone course. All 4000-level economics courses, with the exception of ECO 4000, are communication-intensive courses. Finance majors are eligible to take the Tier III minor in economics, but they must remember that courses used to fulfill the Tier III minor may not be used to fulfill the 24-credit major requirement.

## Program Description

The Weissman School of Arts and Sciences offers a minor in education. This minor does not satisfy the Tier III requirement, but it may be taken as a second minor. The minor in education is designed to acquaint students with the theoretical, psychological, and sociocultural issues involved in education. Since Baruch no longer offers an accredited education program, any education credits taken at Baruch after Spring 2001 may not count toward the professional education credits needed for New York State Teacher Certification. However, the minor provides significant depth in important issues in the field. Additional questions regarding the minor should be directed to Emily Comstock DiMartino, director of teacher education, at 646-312-3936.

## Field Description

Language is one of the most powerful tools at the disposal of educated men and women. English is the discipline where students encounter works of fiction, poetry, and drama that unlock the richest potentialities of language. Students are also afforded a range of opportunities for developing their own writing to the fullest: critical essays on literature in a variety of courses, workshops in creative writing (poetry, fiction, and nonfiction), and the art of the essay. Language is also approached through linguistics, the history of English, and global English. With advanced training in English increasingly necessary for business and professional careers, this course of study is universally recognized as an ideal "preprofessional major"---one that opens career possibilities in such fields as law, publishing, teaching, and community service.

[back to top](#)

## The Major

The English major offers a rich variety of courses for students interested in literature, creative writing, and language and society. Among the interdisciplinary offerings are courses in film, linguistics, and global studies.

Students may prepare for the study of literature on the graduate level. Concentrated work in English will be of great value to students preparing for such business and professional careers as editing, publishing, science and technical writing, advertising, public relations, and communications. The literature courses are designed to help students sharpen their reading and writing skills, gain new insights into human nature and cultural diversity, and achieve increased flexibility in their own approach to life.

Students preparing for graduate study in literature should have some knowledge of the range of English, American, and non-Western literature and should be acquainted with such major figures as Chaucer and Shakespeare. Because most graduate schools have foreign language requirements and candidates must sometimes demonstrate competence in several languages, prospective graduate students are urged to undertake their study of foreign languages as early as possible.

Students in English are encouraged to broaden their base of knowledge in as many fields as possible, many of which will resonate with interdisciplinary approaches in their English courses. Courses in comparative literature, foreign languages, communication studies, history, art, music, religion, philosophy, psychology, sociology, and education are especially recommended.

Note: Interdisciplinary courses, such as Feit Seminars ( [IDC 4050](#) ), and appropriate film studies courses may be included with prior permission of the department.

[back to top](#)

The Minor

Advanced training in English language and literature is increasingly necessary for business and professional careers. Students who choose to develop their intellectual abilities in these areas may select two courses numbered 3000 or above from the offerings of the Department of English. To complete their minors, they enroll in an appropriate capstone course. All 4000-level offerings in the Department of English or an Independent Studies course in English may serve as the capstone course.

## Special Program

### The Sidney Harman Writer-In-Residence Program

The Sidney Harman Writer-in-Residence Program, an endowed residency in the Weissman School of Arts and Sciences, offers gifted undergraduates the opportunity to enroll in writing workshops taught by distinguished visiting professors. Since its inception in the fall of 1998, Harman Writers-in-Residence have included poets Yehuda Amichai, Agha Shahid Ali, April Bernard, Carol Muske-Dukes, Charles Simic, and Major Jackson; playwrights Edward Albee and Tony Kushner; authors William Finnegan, Philip Gourevitch, Jane Kramer, Mark Kurlansky, and George Packer; fiction writers Paul Auster, Susan Choi, Anita Desai, Francisco Goldman, Colum McCann, Lorrie Moore, Sigrid Nunez, Francine Prose, Joseph O'Connor, and John Edgar Wideman; and graphic novelist, Ben Katchor.

Harman courses vary in numbering and in subject, depending on the choice of the visiting writer. Interested students of all majors are encouraged to submit transcripts and writing portfolios for review to Professor Roslyn Bernstein, 646-312-3930; e-mail: [roslyn.bernstein@baruch.cuny.edu](mailto:roslyn.bernstein@baruch.cuny.edu).

Harman classes can be taken for honors credit and students can use the Harman courses to fulfill their honors course requirements. The courses also can be used in the Journalism major and minor and in the English major and minor.

Additional information on the Harman Residency is available at [www.baruch.cuny.edu/wsas/harman](http://www.baruch.cuny.edu/wsas/harman).

## Advice For Students Registering For English Composition Courses

All students are required to take [ENG 2100](#) (3 credits) and [ENG 2150](#) (3 credits).

### Entering Students

Students are eligible to take ENG 2100 if they have earned a verbal SAT score of 480 or above or a score of 75 percent or higher on the New York State Regents English examination. Entering students in neither of these categories will be tested for reading and writing proficiency. The results of these exams will determine a student's placement.

Special requirements for second-degree transfer students from universities in which English is not the language of instruction: Prior to their first semester at Baruch, all such transfer students must take a writing placement test administered by the Department of English. Students who pass the test will be awarded any and all composition credits to which they are entitled. Students who do not pass the writing placement test or who have earned fewer than 6 credits in composition will be placed in an appropriate English course.

### Exemption Criteria

Students who enter Baruch College with any of the following sets of qualifications are exempt from ENG 2100 Writing I (without credit): an Advanced Placement (AP) English exam score of 4 or 5, an SAT verbal score of at least 680, and a writing section score of 12 or an SAT verbal score of at least 700 and a writing section score of 11 or 12. Note: Students who are exempt from this requirement may not enroll in ENG 2100.

## Field Description

The Film Studies (FLM) Program provides an interdisciplinary approach to the study of film as a vital expression of 20th-century art and culture. Courses are offered in history, aesthetics, theory and criticism, and production.

[back to top](#)

## The Minor

The Film Minor offers students an interdisciplinary program suitable for both business and liberal arts and sciences students who have an interest in developing an understanding of film as a medium as well as its relationship to social movements, national cultures, and related artistic forms. Students minoring in film acquire skills for analyzing mainstream film texts as well as those arising from alternative models of production and distribution. The program surveys the evolution of international film from its origins at the end of the nineteenth century to its current status as a vital and economically powerful contemporary art form. In order to complete a minor in Film Studies, students must take three courses, one of which must be [FLM 3001](#) (History of Film I), [FLM 3002](#) (History of Film II), or [ENG 3260](#) (The Art of Film); one 3000 or 4000 level course from the list of approved electives; and [FLM 4900](#) (Critical Approaches to Film).

Programs and Careers:

## General Information

Students interested in a career in the arts and arts-related fields have a wide array of program options at Baruch. The Department of Fine and Performing Arts (FPA) offers the

- Music Major  
(with the option of a specialization in Management of Musical Enterprises)
- Business Communication Major/Graphic Communication Specialization

*plus*

Arts and Sciences Ad Hoc Majors in

- Art History
- Arts Administration
- Theatre

Additionally, minors are offered in art, music, and theatre.

Students interested in careers in **advertising, publishing, or graphic design** should consider the graphic communication specialization of the business communication major. Students seeking a traditional program in music can major in music. Those interested in a career in music management should review the management of musical enterprises specialization. Students interested in a career involving the management of the arts should review the arts administration ad hoc major. The Weissman Schools flexible arts and sciences ad hoc major makes possible the creation of student-specific courses of study in art history and theatre.

**Business Communication Major with a Specialization in Graphic Communication**

The business communication major is designed for students who are interested in careers in business journalism, corporate communication, or graphic communication. Because the business communication field is essentially interdisciplinary in nature, the program integrates courses from several departments in the Weissman School of Arts and Sciences and the Zicklin School of Business.

The graphic communication specialization provides training in graphics as well as basic training in the broader aspects of business communication. It prepares the graphic artist to enter a business environment. Interested students should contact Professor Terry Berkowitz in the Department of Fine and Performing Arts at 646-312-4052.

The major also offers specializations in business journalism (see the [Department of Journalism and the Writing Professions](#) listing) and corporate communication (see the [Department of Communication Studies](#) listing).

### Arts and Sciences Ad Hoc Major in Arts Administration

Bachelor of Arts students interested in a career in the field of management and administration in the arts may consider the interdisciplinary arts administration specialization. In the visual arts or theatre, students complete an appropriate ad hoc major; an internship in an arts organization; and arts administration courses. For additional information and recommended courses, contact the Department of Fine and Performing Arts, 646-312-4052.

The Weissman School of Arts and Sciences ad hoc major requires 30--33 credits.

Note for Bachelor of Business Administration students: Arts administration is an interdisciplinary specialization that can also provide BBA students with the arts and sciences background to prepare for entry into fields like management in the creative arts. For information, contact the Department of Fine and Performing Arts.

Two specializations are commonly pursued by those students with an arts and sciences ad hoc major in arts administration: visual arts and theatre.

## Arts and Sciences Ad Hoc Majors in Art and Theatre

When a student's educational objectives cannot be fully attained solely by study within an existing department, program, or school, he or she is given the option of devising an ad hoc pattern of courses in an area of concentration of his or her own choosing. A student may embark upon an ad hoc major following preparation and acceptance of a proposal outlining the area of study, the desired outcomes, and the educational values of the program. The program must be approved by the Office of the Associate Dean, Weissman School of Arts and Sciences.

Students interested in including art history courses or theatre courses as part of an arts and sciences ad hoc major should contact the Department of Fine and Performing Arts, 646-312-4052. Under the guidance of a faculty advisor, students may design an ad hoc major in art history or theatre as preparation for graduate study or arts management. Students interested in arts administration should consider the arts administration ad hoc major previously described in this section.

The Weissman School of Arts and Sciences ad hoc major requires 30--33 credits.

## The Minor

The Global Studies Minor offers an interdisciplinary program suitable for students in Business, Liberal Arts and Sciences, and Public Affairs who have an interest in developing an understanding of the nature and history of globalization. Students minoring in Global Studies acquire knowledge of the fundamental debates over the origin and direction of globalization. The program investigates the forms of cultural contact and conflict that underlie the current geopolitical and economic makeup of the world. It provides an overview of the historical developments, from sixteenth-century seafaring to twenty-first century media technologies, that have knitted the globe together. It introduces a range of methodologies and concepts designed to study such phenomena. In order to complete a minor in Global Studies, students must take three courses, the Global Studies capstone (4900) "Globalization Past, Present, and Future," and two of the following:

Capstone		
<a href="#">IDC 4900</a>	Globalizations: Past, Present, and Future	3 credits
Electives*		
<a href="#">HIS 3009</a>	Topics in the History of Globalization	3 credits
<a href="#">POL 3347</a>	Seminar on Political Globalization	3 credits
	*Additional courses are upcoming

## Field Description

The Department of History has three paramount aims for its undergraduates, whether they are majors, minors, or students in the required core courses.

First, we foster an appreciation for studying the past for its own sake, in all its variety, ambiguity, and strangeness. To this end, each course emphasizes the exploration and interpretation of primary sources, the raw materials with which historians construct the narrative of the past.

Second, the faculty aims to help students understand that the past has shaped the present. We ask them to participate in the never-ending dialogue between the past and the present by encouraging them to explore difficult questions: What happened? Why did it happen? What were the consequences? What were the dominant values and the dissident voices? How did different cultures and societies interact? How did contemporaries and later generations differ in interpreting events? What are the context and meaning of the changes that have occurred in business, medicine, economics, politics, religion, culture, urban affairs, and gender and race relations? After exposure to these questions, students enter the world personally enriched and better equipped for whatever profession they choose.

Third, the department understands its role in educating students for effective membership and leadership in a global political, social, and economic community by providing an historical understanding of the major world cultures. In courses that range from ancient to modern times, from Asia to New York City, and from the history of women to African-American history, we try to contextualize the world for students.

## The Major

History majors are required to take at least eight history courses (24 credits) numbered 3000 and above. They must take one course in at least three different areas of the globe; these areas include American, Latin American, European, African, and Asian history. Majors are encouraged, but not required, to take the Capstone Course (History 4900). Majors must also write a substantial research paper (minimum of twenty pages) under the supervision of a professor in one of their courses. Students may take six credits toward their majors in other departments, if the courses are related to their program of study; prior consultation with a history department advisor is required.

[back to top](#)

## The Minor

The minor in history (completing three courses at the 3000 level or above) is designed to provide an in-depth understanding of the discipline for students who are majoring in other academic areas. Students can choose courses from different regions, such as the United States, Latin America, Europe, Africa, and West, South, and East Asia. These courses may focus on urban, intellectual, economic, or political issues. History combines perfectly with studies in international business, economics, business ethics, or finance, as well as many other fields.

Students completing the Tier III disciplinary concentration in history also qualify as a history minor. To fulfill the collegewide requirement for Tier III with a disciplinary concentration in history, students take three upper-level courses (9 credits). Two of these courses must be at the 3000 level, followed by HIS 4900, the history capstone course. Interested students should consult with the history department.

Special Program

## Honors Program in History

History majors and other interested students will be admitted to the program in their junior or senior year. All students will be required to have had at least 12 hours of history courses with B+ average in history and a general average of B. Students falling short of these requirements may be admitted to the program upon the recommendation of two history faculty members.

The honors program may consist of two tutorials taken consecutively and devoted to reading and researching an area of the students choice. For College requirements for honors, see the Honors Programs section in Part 9 of this bulletin.

## Tier III Interdisciplinary Minors

One of the requirements for graduation is the completion of the Tier III minor component of the core curriculum. Three courses (9 credits) must be chosen from a discipline or subject outside the students major. As an alternative to the traditional discipline- or department-based minors, students may choose from Baruchs interdisciplinary minors. These new and exciting minors, which bridge several areas of study, enable students to satisfy specific interests and intellectual curiosity and provide an increased understanding of the interdependent world in which we live.

### Interdisciplinary Minor with Honors in New York City Studies

This special minor stimulates interest in and deepens understanding of the institutions and people of New York City. A unique feature of the Macaulay Honors College experience at Baruch, this minor consists of a sequence of courses that examine different facets of metropolitan life in general and New York City in particular. All of the seminars offer opportunities to meet and work with artists, cultural experts, scientists, and other distinguished professionals who represent the different facets of contemporary New York. This minor and the courses of which it is composed are only open to students who are participating in the Macaulay Honors College/ University Scholars Program.

### Arts and Sciences Interdisciplinary Minor with Honors

The arts and sciences interdisciplinary minor with honors provides students, especially those preparing for careers in business, with an opportunity to deepen their humanistic, social, or scientific knowledge as part of their preparation for life.

**Courses**

Students enrolled in a Feit Interdisciplinary Seminar ( [IDC 4050H](#) ) may complete a 9-credit Tier III minor with honors by registering for a two-semester (6000-level) honors thesis that delves more deeply into the subject matter introduced by the Feit Seminar. According to the intellectual direction that the student wishes to pursue, the thesis may be written either within a single discipline and continued under the appropriate disciplinary title (such as Art, English, or History), or as an interdisciplinary effort ( [IDC 6001-6002](#) ).

**Prerequisites**

The thesis topic must be approved by the Undergraduate Committee on Honors. Students should complete the honors thesis application form as well as a two-page prospectus.

### [Feit Interdisciplinary Humanities Seminars](#)

Feit Seminars ( [IDC 4050H](#) ), endowed by the late Charles Feit ('48), bring together two or more instructors from different departments in the college and a small select group of students. Seminars speak to important themes and issues not ordinarily covered in the standard Weissman curriculum and reflect the special interests and research areas of our faculty.

### Chase Interdisciplinary Seminar

Chase Interdisciplinary Seminars ( [IDC 1002](#) , [IDC 2002](#) ), endowed by Baruch alumna Professor Hedy Feit in honor of former Weissman Dean Myrna Chase, offer a unique experience to second semester freshman who have participated in the [Freshman Learning Community Program](#). Each spring, two groups of students chosen from among the most promising participants in the previous fall's Freshman Learning Communities receive invitations to register for these interdisciplinary team-taught courses that are designed on the model of the Feit Seminars. Faculty who are selected to teach these seminars are distinguished professors who are committed to creating an excellent educational experience for students.

The seminars also extend the learning community experience, including opportunities for education outside of the classroom. As in the learning community, professors may arrange co-curricular events, such as a play, a concert, an exhibit at a museum, or a visit to a restaurant. Participation in the seminar gives students the opportunity to become acquainted with some of the most interesting and gifted students at Baruch. Moreover, students who maintain at least a 3.3 GPA and who obtain a letter of recommendation from their Chase Seminar faculty may apply to the Baruch College Honors Program as Provost's Scholars.

## Field Description

The Jewish Studies Program offers an interdisciplinary approach to the academic study of Jewish culture, history, sociology, literature, art, film and religion. While the focus of Baruch's Jewish Studies program highlights the American, and more specifically, the New York Jewish experience, all courses that center on Jewish-related subjects fulfill the requirements for the minor. These courses are offered often cross-listed with other departments and are open to all students; they address the historical, social, cultural, religious and political life of American and world Jewry

## Field Description

The Department of Journalism and the Writing Professions offers students many exciting ways to study journalism in the media capital of the world and to master the ability to do research, conduct interviews, organize material and write clearly no matter what field a student hopes to enter. Its faculty brings a wide variety of professional experience to the classroom.

Students in journalism classes do original reporting, pursuing their ideas throughout the metropolitan area. Opportunities to publish are available in *Dollars & Sense*, published by the department and winner of numerous national awards; on the *Writing New York* blog; and in a variety of professional publications. Journalism students also gain valuable experience through internships at news organizations and publishing houses, major newspapers, magazines, television and radio stations, news and entertainment websites, and book publishers.

## The Majors

- [Journalism](#)
- [Interdisciplinary Major in Business Communication](#)

## Journalism

Journalism majors improve their research, writing, interviewing, editing, and storytelling abilities and knowledge of the city, the country, and the world in preparation for careers in journalism, the Internet and new media, book and magazine publishing, television and radio, music and the arts, the film industry, business, education, government, and law. Students work closely with expert faculty and in internships across the writing-related professions. Internships provide on-the-job experience for students interested in such fields as radio, network and cable TV, newspapers, magazines, wire services, business and financial journalism, and book publishing.

The Department of Journalism and the Writing Professions offers two specializations: journalism and creative writing, and business journalism. Each specialization is outlined in detail below.

Interested students should contact the Department of Journalism and the Writing Professions, Room 7-263 in the Newman Vertical Campus, telephone: 646-312-3974.

- [Journalism and Creative Writing Specialization](#)
- [Business Journalism Specialization](#)
- [Business Communication Major: Business Writing Specialization for the BA Student](#)

Each specialization is outlined in detail below. Interested students can contact the Journalism office at (646) 312-3974.

### Journalism and Creative Writing Specialization

The journalism and creative writing specialization helps students develop research, interviewing, writing, editing, and multimedia storytelling skills that are crucial to success across a broad spectrum of fields and professions in this information age. A faculty of professional writers and editors teach students to research, report, interview, and write about urban affairs, politics, crime and the courts, arts and culture, law, education, science, sports, and many other topics.

### **The Minors**

The department offers two Tier III minors, one in journalism and one in business writing. Each provides students in business, public affairs, and liberal arts a range of courses to strengthen their writing and communication skills. These minors are particularly recommended for students preparing for careers in media, law, and politics and with nonprofit organizations.

## **Business Writing**

The minor in Business Writing provides students in business, public affairs, and liberal arts with a firm foundation in professional writing for business purposes. The program includes options to study business and marketing-related writing, Internet communications, legal writing, journalistic writing, and financial writing. Students will expand their research, analytical, and writing abilities as they study and become proficient in the use of workplace-related writing. This minor is particularly recommended for students preparing for careers in business, government, marketing, management, public relations, media, law, education, politics, and with nonprofit organizations.

To fulfill the College-wide requirement for the Tier III minor with a concentration in business writing, students are required to complete a minimum of nine credits, including one course chosen from among JRN 3050, JRN 3150, and JRN 3200; one additional 3000-level course; and one course at the 4000 level or above, all drawn from the curriculum of the Department of Journalism and the Writing Professions. All department courses at the 4000-level or above, except for the Media Internship (JRN 5050 or 5051), may serve as the capstone course.

## **Journalism**

The minor in Journalism provides students in business, public affairs, and liberal arts with a range of courses to strengthen their writing and communications skills. This minor is particularly recommended for students preparing for careers in media, law, business, politics, and with nonprofit organizations.

To fulfill the College-wide requirement for the Tier III minor with a concentration in journalism, students are required to complete a minimum of nine credits, including two courses at the 3000 level or above and one course at the 4000- or above, drawn from the curriculum of the Department of Journalism and the Writing Professions. All journalism courses at the 4000-level or above, except for the Media Internship (JRN 5050 or 5051), may serve as the capstone course.

## **Special Program**

The Sidney Harman Writer-In-Residence Program

The Sidney Harman Writer-in-Residence Program, an endowed residency in the Weissman School of Arts and Sciences, offers gifted undergraduates the opportunity to enroll in writing workshops taught by distinguished visiting professors. Since its inception in the fall of 1998, Harman Writers-in-Residence have included poets Yehuda Amichai, Agha Shahid Ali, April Bernard, Carol Muske-Dukes, Charles Simic, and Major Jackson; playwrights Edward Albee and Tony Kushner; authors William Finnegan, Philip Gourevitch, Jane Kramer, Mark Kurlansky, and George Packer; fiction writers Paul Auster, Susan Choi, Anita Desai, Francisco Goldman, Colum McCann, Lorrie Moore, Sigrid Nunez, Francine Prose, Joseph O'Connor, and John Edgar Wideman; and graphic novelist, Ben Katchor.

Harman courses vary in numbering and in subject, depending on the choice of the visiting writer. Interested students of all majors are encouraged to submit transcripts and writing portfolios for review to Professor Roslyn Bernstein, 646-312-3930; e-mail: [roslyn.bernstein@baruch.cuny.edu](mailto:roslyn.bernstein@baruch.cuny.edu).

Harman classes can be taken for honors credit and students can use the Harman courses to fulfill their honors course requirements. The courses also can be used in the Journalism major and minor and in the English major and minor.

Additional information on the Harman Residency is available at [www.baruch.cuny.edu/wsas/harman](http://www.baruch.cuny.edu/wsas/harman).

[back to top](#)

## **Journalism Laboratory**

The department's facilities include Studio H, a state-of-the-art computer lab and classroom for journalism students. Studio H offers students the latest technology for multimedia journalism, with 25 Apple iMac computers and software for editing photos, audio, and video. An audiovisual system allows for the viewing of multimedia features, television feeds, and other video on a large screen at the front of the room, and large flat-panel monitors on the side walls offer additional screening options. For example, when a news story is developing, students can follow coverage on at least three stations simultaneously. Studio H, funded by the Harnisch Foundation, also offers wireless Internet access and has its own server for easy file transfers.

## Field Description

More and more, every day, the world becomes a smaller place and the global economy becomes more of a reality. The Latin American and Caribbean studies minor prepares students for this reality and exposes them to cross-cultural and professional opportunities with courses that explore the historical, political, cultural, and socioeconomic conditions in this region. This minor is a perfect complement to majors in marketing management, economics, finance and investments, public affairs, Spanish, English, sociology, and political science.

## Field Description

There are few business decisions of any consequence that are without legal risks. Businesses must operate within domestic and international legal frameworks. Therefore, knowledge of business law is a vital, inherent part of business. The study of law also develops students' critical thinking, analytical, and negotiation skills--all of which are essential to being a successful businessperson. The Department of Law offers a business law minor that includes cutting-edge courses related to the legal regulation of e-commerce, employment relationships, the environment, the entertainment business, entrepreneurial ventures, the health care sector, international trade, intellectual property, real estate, and securities markets. In addition, the department supervises real estate law offerings and administers the Tier III concentration in law and policy.

## Law and Policy Tier III Interdisciplinary Concentration

The Department of Law at the Zicklin School of Business and the Weissman School of Arts and Sciences offer a joint interdisciplinary program in law and policy that satisfies Baruch Colleges Tier III liberal arts requirement. The law and policy concentration is suitable for both liberal arts and business students who have an interest in developing a critical, multidisciplinary understanding of the U.S. legal system. This program focuses on analyzing the legal system from various liberal arts and jurisprudential perspectives and thus draws heavily on philosophical, historical, sociological, and political insights about law and individual rights.

To satisfy the Tier III concentration in law and policy, students must first take two of the courses listed below from the Weissman School of Arts and Sciences and then take one of the capstone courses offered by Department of Law.

### Arts and Sciences Courses

<a href="#">BLS 3014</a>	Civil Rights Legislation and Litigation ( <a href="#">SOC 3014</a> )	3 credits
<a href="#">ENG 3220</a>	Media Ethics ( <a href="#">JRN 3220</a> )	3 credits

<a href="#">PSY 3069</a>	Psychology and Law	3 credits
<a href="#">SOC 3154</a>	Crime and Justice in Sociological Perspective	3 credits

### Capstone Courses

There are presently two capstone courses for the interdisciplinary law and policy Tier III concentration. Students in this program must take one of these two courses after taking two of the Arts and Sciences courses listed above.

<a href="#">LAW 4900</a>	Law, Public Policy and Legal Theory	3 credits
<a href="#">LAW 4905</a>	U.S. Immigration Law and Policy	3 credits

\*For the purposes of this program, this course counts as an Arts and Sciences course.

### The Zicklin School of Business Minor In Business Law\*\*

The Department of Law also offers a minor in business law for students in the Zicklin School of Business, which is oriented toward the legal regulation of business, rather than liberal arts. Unlike the interdisciplinary law and policy Tier III concentration, the Zicklin business law minor does not satisfy Baruch Colleges Tier III liberal arts requirement. Students with an interest in business law are encouraged to take the business law minor in addition to the liberal arts concentration used to satisfy the Tier III requirement. To satisfy the business law minor, students may take any three LAW courses at the 3000 level:

<a href="#">LAW 3102</a>	The Law of Business Organizations	3 credits
<a href="#">LAW 3103</a>	The Law of Negotiable Instruments	3 credits
<a href="#">LAW 3104</a>	The Law of Mercantile Transactions	3 credits
<a href="#">LAW 3106</a>	Law & Entrepreneurship	3 credits
<a href="#">LAW 3107</a>	The Law of Business Regulation	3 credits
<a href="#">LAW 3108</a>	Law and the Internet	3 credits
<a href="#">LAW 3109</a>	Law, Business, and the Defective Product	3 credits
<a href="#">LAW 3110</a>	Debtor and Creditor Law	3 credits
<a href="#">LAW 3111</a>	Law and International Business	3 credits

### Minor in Law and Business for Non-Business Major

Students in the Weissman School of Arts and Sciences or in the School of Public Affairs who wish to take business courses may do so by declaring a minor in law and business. Before declaring the minor, they must complete either BUS 1001 (1 credit) or have previously completed BUS 1000 (3 credits). To be awarded the minor, students must have a GPA of 2.0 or more in the courses included in the minor. Eligibility to declare such a minor is restricted to students who have an overall GPA of 2.0 or more at the time they declare the minor. Courses that apply to the minor may not be used for any other requirement. This minor does not fulfill the requirement to complete a Tier III minor.

Students must choose three courses (9 credits) from the following:

<a href="#">LAW 3108</a>	Law and the Internet	3 credits
<a href="#">LAW 3111</a>	Law and International Business	3 credits
<a href="#">LAW 3113</a>	Law of Commercial Negotiation and Dispute Resolution	3 credits

## Field Description

The courses offered by the Library Department prepare students for successful participation in the emerging information society of the 21st century. Students develop skills in identifying information needs, retrieving information effectively and efficiently, evaluating information, creating information products, and understanding the social, economic, political, and ethical aspects of information.

[back to top](#)

## The Minor

Students pursuing a minor in information studies will:

- Develop advanced skills in information literacy, including the ability to identify information needs, formulate precision searches for efficient information retrieval, evaluate information and reformulate searches for greater precision, and employ retrieved information in the creation of new products (research papers, presentations, Web pages), and the ethical and legal use of information.
- Gain an understanding of the guiding principles of the production, organization, and dissemination of information in contemporary society, including the production of knowledge, the information publication cycle, and the construction and design of information storage and retrieval systems.
- Gain a theoretical understanding of key information policy issues in a rapidly evolving information environment, including governance of the World Wide Web, digital divide, censorship, privacy, plagiarism, intellectual property, and e-commerce.  
The requirements of the minor in information studies can be fulfilled by completing two courses at the 3000 level followed by the 4000-level capstone course.

## Field Description

Management is the science and art of running an organization. It involves setting goals, planning, organizing human and other resources, implementing plans, and guiding the organization to achieve desired goals. Management applies to for-profit, not-for-profit, and governmental organizations; it applies to small and larger organizations, to family-owned and stockholder-owned firms, and to units within larger organizations. Management is interdisciplinary and integrates contributions from various fields of knowledge.

[back to top](#)

## The Major and Specializations

The management major prepares the student for entry level positions in operations management or personnel administration; for the broader managerial responsibilities that usually come with promotion and continue to expand throughout ones career; or to start and manage an entrepreneurial venture. Courses are designed to develop the necessary skills, insight, and knowledge for dealing with the human and organizational aspect of management and also to develop the analytical, creative, and quantitative skills required for allocating and utilizing resources and for making managerial decisions.

The Department of Management (MGT) offers courses in the concepts and techniques for managing all kinds of organizations. The department offers three specializations: entrepreneurship (ENT), human resource management (HRM), and operations management (OM). Each is outlined in detail below.

- [Entrepreneurship \(ENT\)](#)
- [Human Resource Management \(HRM\)](#)
- [Operations Management \(OM\)](#)

Minors for Non-Business Major

Students in the Weissman School of Arts and Sciences or in the School of Public Affairs who wish to take business courses may do so by declaring a minor in entrepreneurship or in human resources. Before declaring the minor, they must either complete BUS 1001 (1 credit) or have previously completed BUS 1000 (3 credits). To be awarded the minor, students must have a GPA of 2.0 or more in the courses included in the minor. Eligibility to declare such a minor is restricted to students who have an overall GPA of 2.0 or more at the time they declare the minor. Courses that apply to the minor may not be used for any other requirement. This minor does not fulfill the requirement to complete a Tier III minor.

Students must choose three courses (9 credits) from the following:

**Entrepreneurship**

<a href="#">MGT 3960</a>	Entrepreneurship Management ( <a href="#">MGT 3860</a> )	3 credits

## Field Description

Marketing is a strategic process of planning and executing the conception, pricing, promotion, and distribution of goods and services to create exchanges that satisfy consumer and organizational objectives. Through its development and management of brand equity, marketing is fundamental to the successful functioning and profitability of any business, large or small. Students can examine the overall marketing management process by taking the general marketing track or may elect to focus on the advertising and marketing communication track or international marketing track.

International business is a multidisciplinary field of relevance to students of business with a broad range of interests and in preparation for careers in organizations ranging from small import-export firms to large multinational corporations.

The department offers a major in marketing management and a major in international business.

## The Major in Marketing Management

The Department of Marketing and International Business offers a wide variety of courses to meet the specific career orientations of students interested in any facet of the marketing and international business process. While students will earn BBA degrees in marketing management, the scope and depth of course offerings permit students a choice of designing their own program by taking designated courses from one of five different tracks:

- [General Marketing](#)
- [Advertising and Marketing Communication](#)
- [International Marketing](#)
- [Digital Marketing](#)
- [Business to Business Marketing](#)

In the track that you choose, you must fulfill the track requirements described below. Your transcript will indicate that you have a major in marketing management with one of the five tracks that you have chosen.

*Honors in Marketing:* The Department of Marketing and International Business offers honors courses to eligible students who undertake individual projects or a thesis under the direct supervision of an honors advisor for a total of 6 elective credits.

*Internship Programs:* All tracks offer an internship program to qualified advanced students who meet department criteria.

Information on the Honors Program and on the internship programs can be obtained from the department office, located in Room 12-240 of the Newman Vertical Campus.

## The Major in International Business

Baruch College has recognized international business as an important area of study for over 60 years. The new international business major (to begin in Fall 2010) will build on that history and provide students with a comprehensive understanding of international business principles as they apply in a business setting, expertise in a functional area (initially marketing or finance) within traditional business disciplines, appreciation and awareness of foreign cultures and practices in both business and social environments, knowledge of a second language to conduct business in a foreign country, and practical business experience in an international environment, i.e., the practicum project in the capstone course and possibly an international internship.

Students who graduate from this program will be some of the most well-rounded graduates because they have likely lived in a foreign country, learned a foreign language, worked on international projects, become an expert in a functional business area, and met the requirements of a Baruch BBA degree.

For a major in international business, students are required to take: (1) 21 credits of international-related courses (four core courses and three electives); (2) a three-course minor in either finance or marketing; and (3) a Tier III minor in a foreign language.

Information on the major, the internship, and language courses can also be obtained from the Weissman Center for International Business, located in Room 810, 137 East 25th Street, telephone: 646-312-2070, or from Professor Clifford Wymbs (Room 12-284 in the Newman Vertical Campus; telephone: 646-312-3299; [clifford.wymbs@baruch.cuny.edu](mailto:clifford.wymbs@baruch.cuny.edu)).

**Tier III Minor for International Business Majors**

A Tier III minor is to be taken in a foreign language. Examples of Tier III language minors include Chinese, French, Hebrew, Italian, Japanese, and Spanish. However, students who demonstrate proficiency in a second language via test can take another Tier III minor. Possible choices include Asian and Asian American studies; Latin American and Caribbean studies; information technology and social responsibility; religion and culture; and political science.

**Minors for Business Major\***

Students pursuing a non-marketing major within the Zicklin School of Business may choose between a minor in marketing or international business. Each minor consists of 9 credits.

**Marketing**

Choose any three courses (9 credits) from those offered by the Department of Marketing and International Business, except MKT 3000. The selection of courses should be based on the recognition that everyone, regardless of major, needs to engage in marketing, whether for oneself, one's business, one's product, or one's service. Accordingly, course selection should be based on an assessment of which courses will best further one's career goals. Note that most courses have pre or corequisites.

**International Business †**

<a href="#">MKT 3400</a>	International Business Principles	3 credits
--------------------------	-----------------------------------	-----------

Plus two of the following, keeping in mind that most of these courses have pre- or corequisites:

<a href="#">MKT 4410</a>	International Trade Operations	3 credits
<a href="#">MKT 4420</a>	International Marketing	3 credits
<a href="#">MKT 4460</a>	International Logistics	3 credits

<a href="#">LAW 3111</a>	Law and International Business	3 credits
<a href="#">MGT 4880</a>	Management of Multinational Corporations	3 credits

\*\*Optional second minors open only to students pursuing a major within the Zicklin School of Business.

†Marketing management majors (except those in the international marketing track) may elect the international business minor. They must substitute another international business course for MKT 3400 if used for the marketing management major.

### Minors for Non-Business Major

Students in the Weissman School of Arts and Sciences or in the School of Public Affairs who wish to take business courses may do so by declaring a minor in marketing or in international business. Before declaring the minor, they must complete either BUS 1001 (1 credit) or have previously completed BUS 1000 (3 credits). To be awarded the minor, students must have a GPA of 2.0 or more in the courses included in the minor. Eligibility to declare such a minor is restricted to students who have an overall GPA of 2.0 or more at the time they declare the minor. Courses that apply to the minor may not be used for any other requirement. This minor does not fulfill the requirement to complete a Tier III minor. Students must choose three courses (9 credits) from the following:

## Field Description

Mathematics has been described as the queen of all sciences. Understanding mathematics enables one to explain and analyze not only science and nature but almost all disciplines from archeology to zoology. Most recently, mathematics has become an indispensable tool in finance and other business related areas. To ensure that mathematics is available for students with varied backgrounds and different professional goals, the department offers courses at all levels. Advanced courses are designed to be taken by mathematics and actuarial science majors and those in related fields.

## The Majors

- [Mathematics](#)
- [Actuarial Science](#)

## Mathematics

The major in mathematics is designed to enable the student to enter the marketplace (industrial or educational) or to pursue further studies in mathematics or allied fields at the graduate level. Interested students are urged to contact the Department of Mathematics as early as possible. The student will be assigned an advisor who will aid in formulating an appropriate course of study. Students who want to teach mathematics in the secondary schools should consult an advisor in the Center for Advisement and Orientation.

<b>Required Courses</b>		
All students must take the following two courses:		
<a href="#">MTH 3300</a>	Algorithms, Computers and Programming I	3 credits
<a href="#">MTH 4100</a>	Linear Algebra and Matrix Methods	3 credits
Students may fulfill their calculus requirements by any one of the following three alternate calculus tracks:		
<b>Track I:</b>		
<a href="#">MTH 2610</a>	Calculus I	4 credits
<a href="#">MTH 3010</a>	Calculus II	4 credits
<a href="#">MTH 3020</a>	Intermediate Calculus	4 credits
<i>or</i>		
<b>Track II:</b>		
<a href="#">MTH 2630</a>	Analytic Geometry and Calculus I	5 credits
<a href="#">MTH 3030</a>	Analytic Geometry and Calculus II	5 credits
<i>or</i>		
<b>Track III:</b>		
<a href="#">MTH 2205</a>	Applied Calculus II	3 credits
<i>or</i>		
<a href="#">MTH 2207</a>	Applied Calculus and Matrix Applications	4 credits
<a href="#">MTH 3006</a>	Integral Calculus	4 credits

MTH 3030	Analytic Geometry and Calculus II	5 credits
<b>Electives</b>		
Any five 4000-level or 5000-level courses from the following group:		
MTH 4010	Advanced Calculus I	3 credits
MTH 4110	Ordinary Differential Equations	3 credits
MTH 4120	Introduction to Probability	4 credits
MTH 4125	Introduction to Stochastic Process	4 credits
MTH 4130	Mathematics of Statistics	4 credits
MTH 4135	Methods of Monte Carlo Simulation	3 credits
MTH 4140	Graph Theory	3 credits
MTH 4145	Mathematical Modeling *	3 credits
MTH 4150	Combinatorics	3 credits
MTH 4200	Theory of Numbers	3 credits
MTH 4210	Elements of Modern Algebra	3 credits
MTH 4230	History of Mathematics	3 credits
MTH 4240	Differential Geometry *	3 credits
MTH 4300	Algorithms, Computers and Programming II *	3 credits
MTH 4310	Methods of Numerical Analysis	3 credits
MTH 4315	Introduction to Mathematical Logic	3 credits
MTH 4320	Fundamental Algorithms	3 credits
MTH 4500	Introductory Financial Mathematics	4 credits
MTH 5010	Advanced Calculus III *	3 credits
MTH 5020	Theory of Functions of a Complex Variable*	3 credits
MTH 5030	Theory of Functions of Real Variables*	3 credits
MTH 5100	Partial Differential Equations and Boundary Value Problems*	4 credits
* These courses are offered infrequently, subject to student demand.		
<b>Mathematics of Finance Concentration:</b> Students who wish to have a concentration in the Mathematics of Finance should choose the following five electives:		

MTH 4110	Ordinary Differential Equations	3 credits
MTH 4120	Introduction to Probability	4 credits
MTH 4125	Introduction to Stochastic Process	4 credits
MTH 4135	Methods of Monte Carlo Simulation	3 credits
MTH 4500	Introductory Financial Mathematics	4 credits
In addition, students should take:		
ECO 1001	Micro-Economics	3 credits
ECO 1002	Macro-Economics	3 credits
FIN 3000	Principles of Finance	3 credits
FIN 3610	Corporate Finance	3 credits
<i>or</i>		
FIN 3710	Investment Analysis	3 credits

### Actuarial Science

The field of actuarial science applies mathematical principles and techniques to problems in the insurance industry. Progress in the field is generally based upon completion of examinations given by the Society of Actuaries. The Baruch College major is designed to prepare students to pass the first two exams of the Society of Actuaries year 2000 exam structure and to provide partial preparation for the third exam. Students interested in this highly structured program are urged to contact the Department of Mathematics as early as possible so that the department may assign an advisor to aid in formulating an appropriate course of study.

Prerequisites

### The Minor

The minor in mathematics provides students with a background in the various theories and uses of mathematics. The minor requires the completion of MTH 3006 or 3010 and any other 3- or 4-credit mathematics course numbered 3000 or higher. Students must then complete a capstone course consisting of any mathematics course at the 4000 level or higher.

## Field Description

The study of divergent modes of expression and cultures serves to broaden students perspectives and deepen their understanding of both themselves and their world. Language students not only develop an oral and written command of the studied language but also gain a comprehensive knowledge of the civilizations and cultures of the countries where the language is spoken. Literary analysis develops the students critical faculties and sense of style as well. The department offers courses in Arabic, Chinese, French, Hebrew, Italian, Japanese, Portuguese, and Spanish, and literature courses conducted in English.

## Spanish

The Spanish courses of the Department of Modern Languages and Comparative Literature are designed to give students oral and written fluency in the language and to impart a knowledge of the literatures of Spain and Latin America. It is hoped that literary appreciation and critical methods will be developed and that the students cultural and intellectual vistas will be broadened.

### Required Courses

All students who major in Spanish will take a minimum of 24 credits in this field. Students who have had three or more years of Spanish in high school or the equivalent may start their electives immediately. Those who are not sufficiently proficient in the aural-oral use of the language are advised to take SPA 4000 Advanced Oral Communication I early in their programs.

All students who major in Spanish are required to take the following courses:

<a href="#">SPA 4010</a>	Advanced Written Communication	4 credits
<a href="#">SPA 4050</a>	Introduction to Literary Theory	3 credits

As part of the 24-credit requirement, majors will take at least one course from each of the following groups:

### Group 1: Language and Linguistics

<a href="#">SPA 4001</a>	Advanced Oral Communication II	4 credits
<a href="#">SPA 4003</a>	Translation Workshop: Spanish to English	3 credits

### Arts and Sciences Ad Hoc Major

When a students educational objectives cannot be fully attained solely by study within an existing department, program, or school, he or she is given the option of devising an ad hoc pattern of courses in an area of concentration of his or her own choosing. A student may embark upon an ad hoc major following preparation and acceptance of a proposal outlining the area of study, the desired outcomes, and the educational values of the program. The program must be approved by the chairpersons of the appropriate departments and the Office of the Dean of Arts and Sciences.

Students interested in including courses in French, Spanish, or Italian as part of an arts and sciences ad hoc major should contact the Department of Modern Languages and Comparative Literature at 646-312-4210.

The Weissman School of Arts and Sciences ad hoc major requires 30–33 credits.

### The Minors

- [Chinese](#)
- [French](#)
- [Hebrew](#)
- [Italian](#)
- [Japanese](#)
- [Spanish](#)
- [Spanish-English Translation](#)
- [Comparative Literature](#)

A minor consists of a minimum of 9 credits as described below, not including courses taken toward the fulfillment of the base curriculum.

### **Chinese**

Students who choose to develop their intellectual abilities in Chinese may select two courses at the 3000 level or above from the Chinese section of the departments course offerings. Any 4000-level course in Chinese may serve as the capstone course for the Tier III requirement.

[back to top](#)

### **French**

Advanced training in francophone language and literature is increasingly necessary for business, teaching, translation, and other professional careers. Students who choose to develop their intellectual abilities in these areas may select two courses at the 3000 level or above from the French section of the departments offering. To complete their minors, students must enroll in an appropriate capstone course. Any 4000- or 5000-level course in French may serve as the capstone course for the Tier III requirement.

## Spanish-English Translation

Translation is the language of global communication, whether the text to be translated is a company's year-end report, an ad campaign, a politician's speech, a poem, or a novel. The interdisciplinary Minor in Spanish-English Translation, suitable for both Arts and Sciences and Business majors, allows students with good skills in English and Spanish to perfect their knowledge of both languages and gain the ability to produce fluent, accurate, and effective translations between them. The minor is open to all students who have successfully completed a 4000-level Literature or Culture and Civilization course in Spanish. To complete the minor, students must take three courses: SPA 4003, Spanish-English Translation Workshop; the capstone, SPA 4004, Seminar in Translation: Spanish-English; and one 3000 or 4000-level course from the list of approved electives offered by the Departments of English, Communication Studies, or Modern Languages and Comparative Literature.

<b>Program Prerequisite:</b>		
Any 4000-level course in Literature or Culture and Civilization offered by the MLCL Department's Spanish program.

### Comparative Literature

The minor in comparative literature provides students with a thorough knowledge of several national literatures through comparative and interdisciplinary study. Students must complete three courses at the 3000 level or higher, at least one of which must be a capstone, 4000-level course. Students are also encouraged to pursue the study of a foreign language.

### Special Program

Majors in the Department of Modern Languages and Comparative Literature will be admitted to the honors program in their junior and senior years with the following provisions: that a letter of recommendation from the students sponsor be written and reviewed by an Honors Program Committee consisting of three members chosen by the chairperson of the department, that the student has at least 12 credits in modern languages, and that the student has at least a 3.4 average in his or her major and that his or her overall record is good.

*Structure:* Students must take courses 6001 and 6002 either consecutively or simultaneously. Course 6002 can be a continuation of 6001, or it can be in a related field. In this context, a related field may be construed as comparative literature or linguistics.

*Honors Paper 60032 credits:* The final outcome of courses 6001 and 6002 will be an honors paper written by the student and supervised by a sponsor. The honors paper, after being approved by the sponsor, will be read by two other members of the department who are to be appointed by an Honors Program Committee. The degree with honors will be awarded by the Weissman School of Arts and Sciences upon recommendation of the department, whose minimum standards for such recommendation will be the grade of A in all three courses.

## Field Description

The Department of Natural Sciences is an integrated department consisting of offerings in biology, chemistry, environmental studies, and physics. The mission of the department is threefold: (1) to engage all students in the scientific enterprise through hands-on learning, enabling them to become scientifically literate citizens who are able to make informed decisions about public policy issues; (2) to prepare students for admission to and success in graduate and professional schools and for entry into the scientific workforce; and (3) to promote innovative faculty research on campus that advances science while enhancing teaching and providing research opportunities for Baruch College students. Undergraduates may work with a faculty advisor to design ad hoc majors to prepare for postbaccalaureate careers in science and health related fields or for entry to graduate or professional studies.

### **Arts And Sciences Ad Hoc Major in Natural Science Areas**

When a student's educational objectives cannot be fully attained solely by study within an existing department, program, or school, he or she is given the option of devising an ad hoc pattern of courses in an area of concentration of his or her own choosing. A student may embark upon an ad hoc major following preparation and acceptance of a proposal outlining the area of study, the desired outcomes, and the educational values of the program. The program must be approved by the Office of the Associate Dean, Weissman School of Arts and Sciences.

The Department of Natural Sciences offers a preprofessional specialization that enables students to include chemistry and physics courses as part of an arts and sciences ad hoc major. Students prepare for entry into professional schools of medicine, dentistry, and other health care fields; graduate study in biological sciences; and teaching of biology, chemistry, and general sciences. Students combine basic courses in chemistry and physics with advanced electives.

The department also offers a specialization in environmental studies as part of an arts and sciences ad hoc major. This major includes a variety of courses in the sciences and additional courses from the Weissman School of Arts and Sciences, the Zicklin School of Business, and the School of Public Affairs. This ad hoc major integrates ecological principles in the dual context of science and society.

Prospective students are urged to register with the office of the Department of Natural Sciences early in their college careers. Each student will be assigned an individual advisor who will assist in formulating the specific ad hoc major program designed to attain the desired educational objectives. The department can be contacted at 646-660-6200.

The Weissman School of Arts and Sciences ad hoc major requires 30 – 33 credits.

### **Natural Sciences Minor**

Students may wish to minor in natural sciences in order to pursue general intellectual interests or specific career objectives. For example, students can complete some of the science courses required for admission to medical school by doing a minor in natural sciences. For the natural sciences minor, students take two natural sciences courses at the 3000 level or above, followed by a capstone course at the 4000 level. The capstone course must be taken at Baruch College. All 4000- level courses offered by the Department of Natural Sciences or an independent studies course may serve as the capstone. Interested students should contact the department.

### Tier III Interdisciplinary Minor in Environmental Sustainability

The Department of Natural Sciences, the Weissman School of Arts and Sciences, and the Zicklin School of Business offer a joint interdisciplinary program in environmental sustainability that satisfies Baruch College's Tier III liberal arts requirement. The environmental sustainability minor is an interdisciplinary program suitable for both business and liberal arts students who have an interest in developing a critical understanding of interactions between human society and the broader global ecosystem. The program emphasizes economic, legal, and philosophical issues of environmental sustainability.

To satisfy the Tier III minor in environmental sustainability (11--12 credits) students must take one course at the 3000 level or above in environmental studies (ENV) offered by the Department of Natural Sciences, any other course from the electives listed below, and a required capstone course (ENV 4005 or 4900).

#### Program Prerequisite

### Physics

The Department of Natural Sciences of the Weissman School of Arts and Sciences offers a Minor in Physics that satisfies Baruch College's Tier III liberal arts and sciences requirement. The Physics Minor is suitable for students with an interest in the application of mathematical tools to fundamental scientific laws. The program emphasizes both mathematical ideas and classic experiments. Students with no previous exposure to physics are encouraged to take [PHY 1003](#) Concepts in Physics, before beginning the Physics Minor.

To satisfy this Tier III Minor, students must take three courses, two at the 3000-level or above, and a capstone at the 4000-level or above, from among the following list:	
<a href="#">PHY 3001</a>	General Physics II (Not open to students who have completed <a href="#">PHY 3010</a> and/or <a href="#">PHY 3020</a> )
<a href="#">PHY 3010</a>	Quantitative Physics I [recommended] (Not open to students who have completed <a href="#">PHY 2003</a> and/or <a href="#">PHY 3001</a> )
<a href="#">PHY 3020</a>	Quantitative Physics II [recommended] (Not open to students who have completed <a href="#">PHY 3001</a> )

## Natural Sciences Laboratory Equipment

Facilities for advanced studies in biology, chemistry, and physics are available on the Baruch campus. In addition to equipment standard to biology research, the Department of Natural Sciences has laboratories equipped for microbiology and microbial ecology, cell biology, ecology, and physiology.

A student research lab offers incubators, microscopes, balances, centrifuges, growth chambers, and water baths to permit a wide range of research. Computers for data analysis and presentation design are also available. Faculty research labs are dedicated to specific areas of inquiry: cell-cell communication, molecular systematics and evolutionary biology, and microbial ecology. Research facilities are available for prokaryotic and eukaryotic cell culture, growth and maintenance of various plant and invertebrate animal species, histology, video microscopy, DNA amplification, cell fractionation, and various standard biochemical techniques, including UV/visible spectroscopy, electrophoresis, and chromatography.

Laboratories in chemistry are equipped for specific areas of experimentation: general chemistry, environmental chemistry, organic chemistry, and organic synthesis (electrochemistry apparatus, dissolved oxygen meters, atomic absorption apparatus, and instruments for nuclear magnetic resonance, gas chromatography/mass spectroscopy, high-performance liquid chromatography, UV/visible spectroscopy, and infrared spectroscopy).

The physics area has a special computer lab for student research and a faculty laser optics research lab.

## Field Description

Philosophy involves an ongoing attempt to analyze, interpret, and rationally explain what people believe, value, and do. Philosophy courses acquaint students with the great ideas of Eastern and Western civilization and assist them in developing philosophical orientations of their own. Courses in philosophy serve both philosophy majors and those who wish to study philosophy as part of the common heritage of educated men and women.

[back to top](#)

## The Major

The major requires 24 credits in philosophy, including three courses in the history of philosophy (chosen from PHI 3000, 3120, 3130, 3140, 3145, 3150, 3155, 3165, and 3170), one course in logic ( [PHI 1600](#) or [PHI 3010](#)), and a capstone course, chosen from among the special topics courses ( [PHI 4900](#) and [PHI 4905](#)), the senior seminar ( [PHI 5010](#)), or one honors course ( [PHI 6001H-6003H](#)).

A student who uses [PHI 1500](#), [PHI 1600](#), or [PHI 1700](#) to satisfy the philosophy requirement of the base curriculum may not also use that course toward the 24 credits required for the major.

A student who uses [PHI 1600](#) toward the base curriculum has fulfilled the logic requirement of the major but must complete the 24 credits required for the major in addition to [PHI 1600](#).

All courses in the Department of Philosophy listed below are 3 credits except [PHI 5000-5004](#) and [PHI 6001H](#), which have variable credits.

## Field Description

Our lives, our communities, and our world are to a considerable degree shaped by political events. Political science provides students with an understanding of the multifaceted ideas, structures, and processes of politics in the United States and abroad. Courses are designed to accomplish three principal objectives: to help the student acquire and establish habits of critical and creative thinking about public issues; to enlarge and broaden the students understanding of significant data, major ideas, and activities regarding politics; and to prepare students for careers in law, government, journalism, and education.

## Field Description

Psychology courses familiarize students with the scientific study of mind and behavior. This discipline relies on methods ranging from simple observation to rigorous experimentation. Its subjects include how we develop and learn, how our actions are motivated, how we perceive the world around us, how we respond to it intellectually and emotionally, and how these processes change throughout life and are integrated into the personality under social influences. The department offers courses that apply psychology to a variety of practical settings, including the workplace, clinical, legal, and school environments.

## Psychology

The psychology major is the most popular course of study among undergraduate students nationwide. Many of them will ultimately establish careers outside the field of psychology, but will do so in areas that rely upon an understanding of human thought and behavior. Psychology is an appropriate major for those who plan to work, for example, in business, law, the health care professions, education, public affairs, nonprofit agencies, and computer science.

To prepare for a career in psychology or an allied profession, such as social work or counseling, students must earn a master's or doctoral degree. Graduate programs in psychology are selective and take into consideration a student's academic record, letters of recommendation, field and research experience, and, in most cases, GRE scores. A number of American Psychological Association publications, including the APA Guide to Graduate Study in Psychology, are useful when making academic and career plans.

Baruch offers a 25-credit BA major in Psychology. This includes two required courses and a broad array of electives.

Careful selection of electives suitable for students' academic and career plans is highly advised. Students who wish to develop their research skills should consider pursuing an independent study or honors thesis project. It is also recommended that students take courses in other departments that focus on the scientific method, logic, communication skills, and the understanding of cultural and social systems.

**Industrial/Organizational Psychology**

The major in industrial/organizational psychology is a broadbased one. It offers courses in all areas of psychology while emphasizing the field of industrial/organizational psychology. This major is within the Zicklin School of Business. All BBA requirements apply.

For many students, the BBA in industrial/organizational psychology is a terminal degree. They may pursue careers in business, including sales, advertising, marketing, and human resource management. They may also pursue careers in a variety of governmental agencies or engage in public opinion or market research.

Some career objectives may require or recommend that the student pursue a master's (MBA or MS) or PhD degree in industrial/organizational psychology.

## Field Description

The Bachelor of Science in Public Affairs focuses on the advocacy and analysis of public policy. It is designed for those seeking to have a positive impact on society. Students learn to formulate, implement, and evaluate creative solutions to challenging global, national, state, and local problems. The coursework examines how public and nonprofit organizations are involved in the policy process. Civic engagement skills are developed in economic and financial analysis, political negotiation, qualitative and quantitative methods, and rhetoric. Policy areas of interest include community development, education, the environment, healthcare, housing, and social welfare. The degree prepares students for employment in government, political campaigns, and the growing social activism of the nonprofit sector. An excellent foundation is provided for graduate-level education in communications, law, management, public administration, public policy, and urban planning.

## Field Description

Baruch College's BBA major and minor in real estate are unique within The City University of New York. In these programs, students are introduced to the commercial real estate industry and prepared for related entry-level positions with developers, property managers, lenders, appraisers, brokers, investment bankers, pension funds, commingled real estate funds, real estate investment trusts, real estate advisors and consulting firms, nonprofit organizations, and government agencies. The courses offer real-world knowledge and analytic depth, concentrating on the metropolitan New York market. They include case studies and immersion in industry information sources and build quantitative, writing, and speaking skills. Students learn from faculty members as well as from guest lecturers with practical experience in the field.

Our undergraduate programs will not only prepare students to enter one of the most exciting and fast-growing career fields in New York, but will also ensure that students can acquire competent skills to succeed in related industries in the business world. Indeed, given real estates pervasive impact on public and business sectors, the study of real estate helps students understand the important concepts and issues for making crucial business decisions and creating effective public policy.

To learn more about these programs, e-mail Ms. Margo Weaker, Director of Real Estate Student Services ([margo.weaker@baruch.cuny.edu](mailto:margo.weaker@baruch.cuny.edu)).

## The Minor\*\*

The BBA minor in real estate (9 credits) offers a rigorous, concentrated introduction to real estate, with particular emphasis on financial and investment analysis. A real estate minor benefits all majors in the Zicklin School. Finance majors and students interested in entrepreneurship in particular will find that the minor gives them depth in an allied field.

Students pursuing a real estate minor take a selection of courses related to law, valuation, finance, investment, construction management, and development. Because the bulk of undergraduate real estate courses are taken as part of the final 60 credits toward the degree, interested students taking arts and sciences or business courses are well positioned to pursue the BBA minor.

## Minor in Real Estate for Non-Business Major

Students in the Weissman School of Arts and Sciences or in the School of Public Affairs who wish to take business courses may do so by declaring a minor in real estate. Before declaring the minor, they must complete either Bus 1001 (1 credit) or have previously completed Bus 1000 (3 credits). To be awarded the minor, students must have a GPA of 2.0 or more in the courses included in the minor. Eligibility to declare such a minor is restricted to students who have an overall GPA of 2.0 or more at the time they declare the minor. Courses that apply to the minor may not be used for any other requirement. This minor does not fulfill the requirement to complete a Tier III minor.

Students must choose three courses (9 credits) from the following:

## Field Description

Religion is one of the most powerful and complex forces in human history. To study the religions of man from the earliest times to the present and how they have shaped and been shaped by the forces of history (among them, nationalism, war, the challenge of secularism, and technology), Baruch's Religion and Culture Program presents an interdisciplinary approach to the study of religious and cultural histories, doctrines, concepts, and practices.

## The Major

### Arts And Sciences Ad Hoc Major In Religion And Culture

When a student's educational objectives cannot be fully attained solely by study within an existing department, program, or school, he or she is given the option of devising an ad hoc pattern of courses in an area of concentration of his or her own choosing. A student may embark upon an ad hoc major following preparation and acceptance of a proposal outlining the area of study, the desired outcomes, and the educational values of the program. The program must be approved by the Office of the Associate Dean, Weissman School of Arts and Sciences.

Students interested in including courses in religion and culture as part of an arts and sciences ad hoc major should contact Professor Michael Plekon, Department of Sociology and Anthropology, 646-312-4472; e-mail [michael.plekon@baruch.cuny.edu](mailto:michael.plekon@baruch.cuny.edu).

The Weissman School of Arts and Sciences ad hoc major requires 30–33 credits.

## Field Description

The behavioral sciences of sociology and anthropology help students develop an appreciation and understanding of the myriad structures and processes that characterize life in social groups. While sociology tends to concentrate on complex modern societies, exploring societal change and institutions, anthropology tends to cover a wider span, focusing on both Western and non-Western societies. (Cultural anthropology is stressed at Baruch.) For sociology majors interested in social work, the department offers several courses that provide experiential as well as theoretical exposure to the field, including actual work experience in recognized social work agencies.

[back to top](#)

## The Major

Sociology majors must satisfy the requirements of the Weissman School of Arts and Sciences as well as departmental requirements. In addition to completing the introductory courses, a total of 24 credits in the department is required. The sociology major has the following components: introductory courses, foundation courses (both required and recommended), and concentration courses.

A base introductory course, either Sociology 1005 or Anthropology 1001, is required by the Weissman School of Arts and Sciences. Two other foundation courses are also required.

Sociology majors may choose to select a concentration. Concentrations are designed to guide students in the selection of courses relevant to future careers as well as to provide all students with a solid grounding in the fields of sociology and anthropology. The department offers courses in three concentrations. Wide ranges of courses allow for a broader understanding of the complexities of modern society. These courses help prepare students for active involvement in the efforts to resolve urban problems.

## The Minor

The Department of Sociology and Anthropology offers Tier III minors in both sociology and anthropology. These programs give students an in-depth understanding of key concepts of fields within sociology and anthropology. Students are required to take three courses in the department at the 3000 or 4000 level, including at least one at the 4000 level. Although the department recommends either ANT 4800 or SOC 4900, any 4000-level course offered by the department may serve as the capstone for either the sociology or the anthropology minor.

## Field Description

The department offers courses in the areas of computer information systems (CIS), operations research, and statistics. Courses in each of these areas provide training in problemsolving techniques useful in gaining strategic advantage in the marketplace. CIS students are afforded the opportunity to gain a strong foundation in the business, managerial, and technical issues related to information systems with courses in programming, data management, telecommunications, the Internet and e-commerce, and the analysis and design of computer-based solutions to business problems. Operations research trains students in the application of mathematical models and decision making for business, industry, and government with an emphasis on modeling methods, analysis, and implementation relevant to operational and management planning issues. Statistics students are provided with a skills base for the application of statistical techniques and tools to a wide variety of areas, including computational statistics, sample survey, experimental design, and quantitative methods in marketing.

## General Information

The Department of Statistics and Computer Information Systems offers majors in the fields of computer information systems and statistics and quantitative modeling.

The **computer information systems** area prepares professionals in the development and use of computer-based technologies to develop systems that fulfill business information needs. Baruch's program trains students to analyze business needs and to design, implement, and use information systems to satisfy those needs.

The **operations research** area provides basic preparation for students who wish to pursue careers in the decision sciences and provides fundamental quantitative knowledge required by those who major in other business areas. Emphasis is placed on modeling methods, analysis, and implementation relevant to operational and management planning issues in many business areas, including marketing, production, finance, accounting, and information technology.

The **statistics** area not only provides the basic preparation for students who wish to pursue careers in statistics but also provides the quantitative knowledge required by those who major in other business areas. Statistics and quantitative modeling majors are provided with the base for the application of statistical techniques to a wide variety of fields.

## BBA in Computer Information Systems

The CIS program provides a strong foundation in the business and managerial issues related to information systems. Computer information systems are presented in light of their role as tools for strategic advantage in the marketplace. To facilitate this, course offerings provide computer, technological, and problem - solving skills. The CIS program addresses such areas as CASE (computer-assisted software engineering), networks and telecommunications, electronic commerce, the Internet, client-server technology, and object-oriented technologies.

### Statistics: BA Major

Arts and sciences students can major in one of the following three programs in the Department of Statistics and Computer Information Systems:

- [Statistical Theory](#)
- [Psychometrics](#)
- [Sociometrics](#)

The department offers courses for students who are primarily interested in mathematics, psychology, and sociology. Statistical theory, using the Colleges extensive computer installations, provides professional training for those who desire a career in operations research, quality control and reliability, health sciences and governmental statistics, design and analysis of surveys, and computer information systems. Joint major programs in conjunction with the Departments of Psychology and Sociology and Anthropology are offered and include courses to augment study in psychometrics and sociometrics.

### Statistical Theory

#### Base Courses

<a href="#">CIS 2200</a>	Introduction to Information Systems and Technologies	3 credits
<a href="#">STA 2100</a>	Statistical Methods for Social Science	3 credits
<a href="#">MTH 2630</a>	Analytic Geometry and Calculus I	5 credits
<a href="#">MTH 3030</a>	Analytic Geometry and Calculus II	5 credits

#### Major

The major consists of 24 credits, with up to 9 credits in mathematics. **Required Courses**

<a href="#">STA 3551</a>	Theory of Statistics I - Introduction to Probability and Distribution Theory	3 credits
<a href="#">STA 4552</a>	Theory of Statistics II - Statistical Inference	3 credits

## The Minors

### General Information

The Department of Statistics and Computer Information Systems offers three minor concentrations\*. These are in the fields of computer applications in business, quantitative methods and modeling, and statistics. Each is outlined below.

- [Computer Applications in Business](#)
- [Quantitative Methods and Modeling](#)
- [Statistics](#)
  
- [Tier III Interdisciplinary Minor in Information Technology and Social Responsibility](#)

- [Minors for Non-Business Majors](#)

\* Optional second minors open only to students pursuing a major within the Zicklin School of Business

### Computer Applications in Business

This minor is designed to prepare students majoring in other areas of business to be competent end users and decision makers in a computer information systems environment. The focus is on using microcomputers and higher-level applications software to implement useful applications in a wide range of business areas.

<b>Required Courses</b>			<b>9 credits</b>
Choose any three courses (9 credits) from the list of 3000, 4000, or 5000 level CIS courses except CIS 3270, CIS 3810 and CIS 4910. Prerequisites must be satisfied.			
<a href="#">Return to Minors</a> <a href="#">back to top</a>			
<b>Quantitative Methods and Modeling</b>			
The minor in quantitative methods and modeling is designed to prepare students majoring in other areas of business with a background of quantitative skills that facilitate the decisionmaking process. In addition to one required course, two elective courses are selected with the approval of the area advisor to complement the students major and provide the student with an appropriate background.			
<b>Required Courses</b>			<b>9 credits</b>
<a href="#">OPR 3450</a>	Quantitative Decision Making for Business I		3 credits
<i>or</i>			
<a href="#">OPR 3300</a>	Quantitative Methods for Accounting		3 credits
<i>Two courses selected with the approval of the area advisor from the following:</i>			
<a href="#">CIS 3400</a>	Database Management Systems I		3 credits
<a href="#">CIS 4100</a>	Object-Oriented Programming II		3 credits
<a href="#">OPR 3451</a>	Quantitative Decision Making for Business II		3 credits
<a href="#">OPR 3452</a>	System Simulation		3 credits

<a href="#">OPR 3453</a>	Bayesian Statistical Inference and Decision Making	3 credits
<a href="#">OPR 4470</a>	Special Topics in Operations Research	3 credits
<a href="#">OPR 5000</a>	Independent Study in Operations Research	3 credits

### Tier III Interdisciplinary Minor in Information Technology and Social Responsibility

The internet age has fostered an environment of widespread interconnectedness. This hyperconnectivity, and the new media that proliferate along with it, come with their own specific problems. The purpose of this concentration is to study the effects of these new technologies on the individual, the workplace, and society at large. In this program of study students will examine the increasing importance of individual and organizational social responsibility in today's interconnected and computer-mediated environment, as well as the specific issues that stand at the intersection of social responsibility and information technology.

#### Required Course: 3 credits

<a href="#">CIS 4910</a>	Information Technology and Social Responsibility	3 credits
--------------------------	--	-----------

#### Elective Courses 6 credits

*Two courses selected from the following:*

<a href="#">BLS 3013</a>	Mass Media and the Black American	3 credits
<a href="#">CIS 3270</a>	Computer Ethics ( <a href="#">PHI 3270</a> )	3 credits

**Minors for Non-Business Majors**

Students in the Weissman School of Arts and Sciences or in the School of Public Affairs who wish to take business courses may do so by declaring a minor in statistics and quantitative modeling or in technology, business, and the Internet. Before declaring the minor, they must complete either BUS 1001 (1 credit) or have previously completed BUS 1000 (3 credits). To be awarded the minor, students must have a GPA of 2.0 or more in the courses included in the minor. Eligibility to declare such a minor is restricted to students who have an overall GPA of 2.0 or more at time they declare the minor. Courses that apply to the minor may not be used for any other requirement. This minor does not fulfill the requirement to complete a Tier III minor.

Students must choose three courses (9 credits) from the following:

**Statistics and Quantitative Modeling**

CIS 3100	Object-Oriented Programming I	3 credits
OPR 3300	Quantitative Methods for Accounting	3 credits
OPR 3450	Quantitative Decision Making for Business I	3 credits
STA 3154	Business Statistics II	3 credits
STA 3155	Regression and Forecasting Models for Business Applications	3 credits

**Technology, Business, and the Internet**

## Field Description

Womens studies is an interdisciplinary field of study that is widely accepted at most campuses in this country as well as in much of the world. It joins together the research and teaching of sociology, history, anthropology, psychology, political science, and the humanities and arts on the subject of women as individuals and members of society. The program fosters students abilities to analyze and think critically about womens issues and gender relations at the same time that it deepens their understanding of the approach of the field. Students analyze the construction of gender roles and gain a sense of how gender is shaped in different societies at different times. Understanding the roles of women and gender is important for everyone but especially for liberal arts majors and for students who aim for careers in business and the professions.

## The Minor

Womens studies is an interdisciplinary program designed to provide students with a deeper understanding of womens individual and collective experiences. Courses in this program will examine the sources and impact of gender expectations and relations, the complex roles women play, and the social, political, intellectual, and cultural contributions women make within a variety of global cultures and societies. To fulfill the College-wide requirement for the Tier III minor with a concentration in womens studies, students must complete two 3000-level courses in two different disciplines and a common capstone course, WSM 4900 Topics in Womens Studies.

Required Course

# Tier III: Disciplinary and Interdisciplinary Concentrations\*

As part of the requirements for a baccalaureate degree, all students must fulfill a Tier III concentration to graduate. The concentration requirement consists of three courses of study (9-12 credits) outside of students majors. Of the three courses, two must be taken at the 3000 level or higher. Courses used to satisfy Tier II may not also be used to fulfill Tier III minor requirements. The third course in Tier III is to be the 4000-, 5000-, or 6000-level capstone course created or designated by each department in the concentration. Capstone courses are research oriented and communication intensive. The capstone course can be taken only after students have completed two courses in their disciplinary concentration at the 3000 level or higher, and it must be taken at Baruch College. In order to graduate, a student must have a grade point average of at least 2.0 in the three courses that make up his or her Tier III minor.

Disciplinary concentrations are as follows:

## **Humanities Disciplines:**

- Art
- Communication Studies
- Comparative Literature
- English
- History
- Mathematics
- Modern Languages
- Music
- Philosophy
- Theatre

## **Natural Science Disciplines:**

- Biology
- Chemistry
- Environmental Science
- Physics

## **Interdisciplinary Disciplines:**

- Information Studies
- Information Technology and Social Responsibility
- Women's Studies

## **Social Science Disciplines:**

- Anthropology
- Economics
- Political Science
- Psychology
- Public Affairs
- Sociology

## **Sociology Interdisciplinary Concentrations:**

- American Studies
- Asian and Asian American Studies
- Black and Latino Studies
- Humanities with Honors
- Latin American and Caribbean Studies

## **Interdisciplinary Concentrations:**

- American Studies
- Arts and Sciences Interdisciplinary Minor with Honors

- Asian and Asian American Studies
- Black and Hispanic Studies
- Interdisciplinary Minor with Honors in New York City Studies
- Latin American and Caribbean Studies
- Law and Policy
- Religion and Culture
- Womens Studies

# Pathways

Since Fall 2013, all CUNY colleges have adhered to a uniform set of general education requirements known as CUNY Pathways. Although the courses that can be used to fulfill these requirements differ from college to college, the basic set of requirements is the same throughout the CUNY system. With few exceptions, any requirement that a student fulfills at one CUNY college will be considered fulfilled at any other CUNY college to which he or she transfers.

Students who entered Baruch in Fall 2013 or later must complete "Pathways" to obtain a degree. In July 2013, continuing students had the choice either to opt-in to the Pathways requirements or to complete the set of general education requirements that was in place at the college until Fall 2013 (the [Baruch Common Core](#)).

There are three parts to the Pathways requirements: I) the Required Core; II) the Flexible Core; and III) the College Option.

## **Part I: The Required Core (4 courses in 3 categories)**

The Required Core is made up of four courses, which must be taken in three different categories: **1) English Composition**; **2) Mathematical and Quantitative Reasoning**; and **3) Life and Physical Sciences**. The learning goals or outcomes of each area within the Required Core are listed [here](#).

At Baruch College, the courses that satisfy the Required Core are:

### **English Composition** (two courses required)

ENG 2100 (or ENG 2100T)      Writing I

ENG 2150 (or ENG 2150T)      Writing II

### **Mathematical and Quantitative Reasoning\*** (one course required)

MTH 2140      Mathematics and Quantitative Reasoning\*\*

MTH 2160      Ideas in Mathematics and Their Applications\*\*

MTH 2003      Precalculus and Elements of Calculus

MTH 2205      Applied Calculus

MTH 2207      Applied Calculus and Matrix Applications

MTH 2610      Calculus I

\* Zicklin and SPA students should not take MTH 2140 or MTH 2160, which do not meet the mathematics requirement for the BBA or BS degrees. Zicklin students must complete a course in Calculus (and must satisfy the prerequisites for whichever Calculus course they take). Therefore, these students usually take MTH 2003 and one of the Calculus courses listed above. SPA students must complete a course in either Precalculus or Calculus.

\*\* MTH 2140 and MTH 2160 are not appropriate for students within the Weissman School of Arts and Sciences whose major requires a statistics course or additional math courses (such majors include: Actuarial Science, Biological Sciences, Economics, Mathematics, Natural Sciences ad hoc, and Statistics).

Students who wish to pursue a BA in Psychology may use MTH 2140 or MTH 2160 to satisfy the Pathways requirement, but might be required to complete MTH 1030 College Algebra, to satisfy the prerequisite for that major's required statistics course. For more information, please consult the Office of the Associate Dean (room 8-265 of the Newman Vertical Campus; telephone: 646-312-3890).

### **Life and Physical Sciences\*** (one course required)

BIO 1012      Fundamentals of Biology: Human Biology Laboratory

(co-requisite with BIO 1011L in the Flexible Core)

BIO 1016      Fundamentals of Biology Laboratory: Research in Genetics, Evolution, and Ecology

(co-requisite with BIO 1015L in the Flexible Core)

- CHM 1004 Fundamentals of Chemical Laboratory Techniques  
(co-requisite with CHM 1003L in the Flexible Core )
- ENV 1004 Fundamentals of Ecological Research  
(co-requisite with ENV 1003L in the Flexible Core )
- PHY 2001 Fundamentals of Experimental Physics  
(co-requisite with PHY 2002L in the Flexible Core )

**Part II: The Flexible Core (6 courses in 5 categories)**

è See below for changes to the Flexible Core that took effect in Spring 2016.

The Flexible Core is made up of six courses, which must be taken in five different categories (numbered 4-8): **4) World Cultures and Global Issues; 5) U.S. Experience in its Diversity; 6) Creative Expression; 7) The Individual and Society;** and **8) Scientific World**. To fulfill the six-course requirement, students may not take more than one course from any one department, discipline, or interdisciplinary field. The learning goals or outcomes of each area within the Flexible Core are listed [here](#).

Please note that some departments offer courses in more than one category...

- ANT and SOC courses are offered by the Department of Sociology and Anthropology;
- ART, MSC, and THE courses are offered by the Department of Fine and Performing Arts;
- BLS and LTS (formerly HSP) courses are offered by the Department of Black and Latino Studies;
- BIO, ENV, CHM, and PHY courses are offered by the Department of Natural Science; and
- Within the Pathways Flexible Core, POL and PAF (formerly PUB) are considered to be a single field.

...Therefore, the sixth course may not be taken from **Creative Expression**, which consists of courses from a single department. Until Spring 2016 this was also true of the **Scientific World** category, since the only courses it contained were offered by the Department of Natural Sciences. But in Spring 2016, PSY 1001 was added to the **Scientific World** category; see below.

The courses at Baruch College that satisfy the Flexible Core are:

**Category 1. World Cultures and Global Issues (at least one course required)**

- ANT 1001 Introduction to Cultural Anthropology
- HIS 1001 Themes in Global History to 1500 C.E.
- HIS 1003 Themes in Global History Since 1500 C.E.
- LTS 1003 Latin America: An Institutional and Cultural Survey
- POL 2001 United States in an Age of Globalization
- POL 2260 Introduction to Comparative Government

**Category 2. U.S. Experience in its Diversity (at least one course required)**

BLS 1003	Evolution and Expressions of Racism
HIS 1000	Themes in American History
HIS 1005	Modern American History
PAF 1250	Citizenship and Public Affairs
POL 1101	American Government: Practices and Values
POL 2332	American Political Thought

**Category 3. Creative Expression (one course required)**

ART 1000	Introduction to Design and Visual Communications
ART 1011	Art History Survey I
ART 1012	Art History Survey II
MSC 1003	Music and Civilization
MSC 1005	Principles of Music
THE 1041	Introduction to the Theatre Arts

**Category 4. The Individual and Society (at least one course required)**

PHI 1500	Major Issues in Philosophy
PHI 1600	Logic and Moral Reason
PHI 1700	Global Ethics
SOC 1005	Introduction to Sociology

**Category 5. Scientific World (one course required)**

BIO 1011L	Fundamentals of Biology: Human Biology Lecture (co-requisite with BIO 1012 in the Required Core )
BIO 1015L	Fundamentals of Biology: Genetics, Evolution, and Ecology Lecture (co-requisite with BIO 1016 in the Required Core)
CHM 1003L	Fundamentals of Chemistry (co-requisite with CHM 1004 in the Required Core)
ENV 1003L	Fundamentals of Ecology

(co-requisite with ENV 1004 in the Required Core)

PHY 2002L Fundamentals of Physics: Theory and Practice

(co-requisite with PHY 2001 in the Required Core)

PSY 1001 General Psychology (added to the Flexible Core beginning in Spring 2016)

**Students who wish to pursue a major or minor in the Natural Sciences** should satisfy the **Life and Physical Sciences** requirement with one of the following STEM Variant courses:

BIO 2010 Principles of Biology I

CHM 2003 General Chemistry I

PHY 2003 General Physics I

PHY 3010 Quantitative Physics I

#### **CHANGES EFFECTIVE SPRING 2016**

In Spring 2016, PSY 1001 was added to the **Scientific World** category. The following policies went into effect at that time:

- Students who enter Baruch as freshmen must take the co-requisite Natural Sciences courses to satisfy the **Life and Physical Sciences** requirement and the **Scientific World** requirement. They may take PSY 1001, but it can be used only as their sixth Flexible Core course (or as a non-Pathways elective). It cannot be used to satisfy the **Scientific World** requirement.
- Students who enter Baruch with AP credit for Life and Physical Sciences may use Psychology 1001 to satisfy the **Scientific World** requirement.
- Transfers who have satisfied neither science requirement at the time they entered Baruch must take the co-requisite Natural Sciences courses to satisfy the **Life and Physical Sciences** requirement and the **Scientific World** requirement. They may take PSY 1001, but it can be used only as their sixth Flexible Core course (or as a non-Pathways elective). It cannot be used to satisfy the **Scientific World** requirement.
- Transfers who have already satisfied the Life and Physical Sciences requirement at the time they entered Baruch may satisfy the **Scientific World** requirement with a stand-alone Natural Sciences section in that category or with PSY 1001.
- Transfers who have already satisfied the Scientific World requirement at the time they entered Baruch may satisfy the **Life and Physical Sciences** requirement with a stand-alone Natural Sciences section in that category and may take PSY 1001 as their sixth Flexible Core course.
- Transfers who enter Baruch with credit for Psychology 1001 may use it to satisfy the **Scientific World** requirement and may satisfy the **Life and Physical Sciences** requirement with any stand-alone Natural Sciences section in that category.
- Transfers who have already satisfied both the Life and Physical Sciences and the Scientific World requirements at the time they entered Baruch may take PSY 1001 as their sixth Flexible Core course.

#### **Part III: The College Option (1-4 courses)**

The College Option consists of as many as four courses, depending on how much coursework the student has completed at another institution. For students who started taking classes at Baruch before Spring 2015, the requirements for the College Option differed depending on whether the student was pursuing a degree in the Macaulay Honors College, the Weissman School of Arts and Sciences, the Zicklin School of Business, or the School of Public Affairs. For students who started taking classes in Spring 2015 or after, there is a single college option for all students except those in the Macaulay Honors College. All versions are outlined below. Whether before or after Spring 2015:

- A student who enters Baruch as a freshmen will take all four college option courses listed through the links or in the table below.
- A student who transfers to Baruch with 30 or fewer total credits from an associate program in any college (including non-CUNY regionally accredited colleges) will take all four college option courses listed through the links or in the table below.
- A student who transfers to Baruch with more than 30 total credits from an associate program in any college (including non-CUNY regionally accredited colleges but without an associate degree) will take the first three courses listed through the links or in the table below.

- A student who has completed an associate degree at any college (including non-CUNY regionally accredited colleges) will take the first two courses listed through the links or in the table below.
- A student who has completed nine credits of the College Option at another senior college will take only one course: the first course listed through the links or in the table below.
- A student who has earned a Bachelor's degree will be deemed to have fulfilled the College Option requirements at Baruch.

There were four distinct College Options for students who began taking classes at Baruch before spring 2015. They were based on whether the student: 1) belonged to the Macaulay Honors College; 2) planned to receive a Bachelor of Arts (BA) degree from the Weissman School of Arts and Sciences--the specifics of this option varied according to date of entry (see below); 3) planned to receive Bachelor of Business Administration (BBA) degree from the Zicklin School of Business; or 4) planned to receive a Bachelor of Science (BS) degree from the School of Public Affairs--the specifics of this option varied according to date of entry (see below). As of Spring 2015, Macaulay students retain their distinct College Option but all other Baruch undergraduates follow the "Baruch College Option."

#### Macaulay Honors Option at Baruch College

Course 1	IDC 1001H	The Arts in New York City
Course 2	IDC 3001H	The Peopling of New York
Course 3	IDC 3002H	Science and Technology in New York City
Course 4	IDC 4001H	New York in the Twenty-First Century

#### College Option for the Bachelor of Arts (BA) degree from the Weissman School of Arts and Sciences

BA students entering Baruch or opting in to Pathways in Fall 2013, follow the four courses below of this Weissman College Option:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2	COM 1010	Speech Communication
Course 3		1st Foreign Language course (based on placement)*
Course 4		2nd Foreign Language course (the same language as the 1st Foreign Language course)*

\*One of these courses must be completed at Baruch.

BA students entering Baruch or opting in to Pathways from Spring 2014-Fall 2014, follow the four courses below of this Weissman College Option:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		1st Foreign Language course (based on placement)*
Course 3		2nd Foreign Language course (the same language as the 1st Foreign Language course)*
Course 4	COM 1010	Speech Communication

\*One of these courses must be completed at Baruch.

BA students entering Baruch or opting in to Pathways starting Spring 2015 or later, follow the four courses of the Baruch College Option:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		4000-level CIC "capstone" course for one of the liberal arts minors  <b>This course <u>must</u> be completed at Baruch.</b>
Course 3		1st 3000-level liberal arts course toward the same liberal arts minor
Course 4		2nd 3000-level liberal arts course toward the same liberal arts minor

**College Option for the Bachelor of Business Administration (BBA) degree from the Zicklin School of Business**

BBA students entering Baruch or opting in to Pathways beginning in Fall 2013 follow the four courses of the Baruch College Option (from Fall 2013-Fall 2014, this option was known as the Zicklin College Option):

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		4000-level CIC "capstone" course for one of the liberal arts minors  <b>This course <u>must</u> be completed at Baruch.</b>
Course 3		1st 3000-level liberal arts course toward the same liberal arts minor
Course 4		2nd 3000-level liberal arts course toward the same liberal arts minor

**College Option for the Bachelor of Science (BS) degree from the School of Public Affairs**

BS students entering Baruch or opting into Pathways in fall 2013 have three ways of completing the College Option:

1. They may fulfill the BA Option for students who entered or opted-in in Fall 2013 (see above);
2. They may fulfill the BBA Option (see above);
3. They may fulfill the BS College Option outlined directly below:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		a 3000- or 4000-level liberal arts course selected by the student in consultation with the SPA faculty advisor
Course 3		a 3000- or 4000-level liberal arts course selected by the student in consultation with the SPA faculty advisor
Course 4		a 3000- or 4000-level liberal arts course selected by the student in consultation with the SPA faculty advisor

BS students entering Baruch or opting into Pathways from Spring 2014-Fall 2014 have two ways of completing the College Option:

1. They may fulfill the BA Option for students who entered or opted-in during Spring 2014-Fall 2014 (see above);
2. They may fulfill the BBA Option.

BS students entering Baruch or opting in to Pathways starting Spring 2015 or later, follow the Baruch College Option:

Course 1	CMP / ENG 2800 or CMP / ENG 2850	Great Works of Literature I or Great Works of Literature II
Course 2		4000-level CIC "capstone" course for one of the liberal arts minors  <b>This course <u>must</u> be completed at Baruch.</b>
Course 3		1st 3000-level liberal arts course toward the same liberal arts minor
Course 4		2nd 3000-level liberal arts course toward the same liberal arts minor

# Baruch College Code of Student Conduct

## Regulations Governing Student Conduct

Baruch College is dedicated not only to learning and the advancement of knowledge but also to the development of ethical and responsible persons. It seeks to achieve these goals through a sound educational program and policies that encourage independence and maturity. Regulations governing student conduct have been formulated with these objectives in view.

The regulations described below have been promulgated by the duly established college authorities pursuant to Article XV, Section 15.1, of the Bylaws of the Board of Higher Education of The City of New York (see page 240). Procedures for the enforcement of campus codes are detailed in other sections of Article XV (see pages 240–42). Nothing contained herein shall conflict with the rights of The City University of New York as stated in the Rules and Regulations for the Maintenance of Campus Order pursuant to Article 129A of the Educational Law of New York State (see pages 244–45).

Members of the Baruch College community are bounded by federal, state, and municipal laws as well as by the regulations enacted by the Board of Trustees of The City University of New York and by the duly established college authorities designated by the president and dean of students. Institutional discipline is aimed at conduct that directly and significantly impairs the opportunities of members of the college community to attain their educational objectives. The rules are intended to protect the health and safety of persons in the college community and to maintain and protect property. There are, also, guidelines for the keeping of records and the sponsoring of non-classroom activities, such as lectures, concerts, athletic events, and social functions.

## Offenses

Sanctions can result from the commission of any of the following offenses:

- Academic cheating or plagiarism.
- Knowingly furnishing false information to the college, forgery, or alteration or use of college documents or instruments of identification with intent to deceive.
- Lending a Baruch College identification card to anyone or failure to present it when requested by a duly authorized and identified college official.
- Misrepresenting oneself as a Baruch College or City University of New York representative.
- Violation of regulations relating to the entry and use of institutional facilities, including closing hour restrictions.
- Physical or verbal abuse or harassment of any person on college premises or at college-sponsored or supervised functions.
- Theft, willful destruction, damage, or misuse of college property, including library materials.
- Theft, willful destruction, or damage of property belonging to a member of the college community on college premises.
- Advertising, soliciting, or selling any merchandise or service or soliciting of information on campus without permission of the Office of the Dean of Students.
- Use or sale of unlawful drugs on campus.
- Use of alcohol on campus at other than duly authorized social functions. (The sponsoring organization must obtain prior permission from the Dean of Students or his/her authorized representative in compliance with all applicable civil laws pertaining to the consumption of alcoholic beverages and provide for adequate supervision.)
- Gambling. The Penal Law of New York State prohibits loitering in a public place for the purpose of gambling with cards, dice, or other gambling paraphernalia.
- Intentional disruption or obstruction of teaching, research, administration, disciplinary proceedings, or other institutional activities.
- Failure to comply with directions of duly authorized and identified college officials acting in performance of their official duties.

## Sanctions

The commission of any of the above offenses shall be subject to the following sanctions: admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, ejection, or complaint to civil authorities. The definition of these sanctions can be found in the Baruch College Undergraduate Bulletin. The procedures for the administration of these penalties are detailed in the section on disciplinary procedures in the Baruch College Undergraduate Bulletin.

## Sale and Purchase of Research Papers for Course Use

The sale or purchase of term papers, student essays, reports, and other written assignments intended for use in credit courses is prohibited. Purchase from commercial term paper firms for use as course papers is illegal and subjects a student to disciplinary proceedings.

## Smoking Regulation

Smoking is prohibited in all Baruch facilities.

# Student Right-to-Know Information

## Notification Under Ferpa of Student Rights Concerning Education Records and Directory Information

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. *See paragraph 6 below on students' right to prevent the disclosure of directory information.*

The FERPA rights of students are as follows:

Students have the right to inspect and review their education records. Students should submit to the registrar, dean, head of the academic department, or other appropriate official written requests that identify the record(s) they wish to inspect. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

All requests shall be granted or denied in writing within 45 days of receipt. If the request is granted, the student will be notified of the time and place where the records may be inspected. If the request is denied or not responded to within 45 days, the student may appeal to the college's FERPA appeals officer. Additional information regarding the appeal procedures will be provided if a request is denied.

Students have the right to request an amendment of their education records that they believe are inaccurate or misleading. Students may ask the college to amend a record that they believe is inaccurate or misleading. Students should write to the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his/her right to a hearing before the college's FERPA appeals officer regarding the request for amendment. Additional information regarding the hearing procedures will be provided when the student is notified of his/her right to a hearing.

Students have the right to consent to disclosure of personally identifiable information contained in their education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to college officials with legitimate educational interests. A college official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the University has contracted; a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another college official in performing his or her tasks.

A college official has a legitimate educational interest if access is reasonably necessary in order to perform his/her instructional, research, administrative, or other duties and responsibilities. Upon request, the college discloses education records without consent to officials of another college or school in which a student seeks or intends to enroll.

Students may appeal the alleged denial of FERPA rights to:

General Counsel and Vice Chancellor for Legal Affairs  
The City University of New York  
535 East 80th Street  
New York, NY 10021

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue, SW  
Washington, D.C. 20202-4605

The college will make the following "directory information" concerning current and former students available to those parties having a legitimate interest in the information: name, attendance dates (periods of enrollment), address, telephone number, date and place of birth, photograph, e-mail address, full- or part-time status, enrollment status (undergraduate, graduate, etc.), level of education (credits) completed, major field of study, degree enrolled for, participation in officially recognized activities and sports, height and weight of athletic team members, previous schools attended, and degrees, honors, and awards received. By filing a form with the Registrar's Office, students may request that any or all of this directory information not be released without their prior written consent. This form is available in the Registrar's Office and may be filed, withdrawn, or modified at any time.

## The BBA Major in Finance

The finance major includes five elective courses that students take after completing the three required courses with a 2.0 GPA or better. The five electives include five courses in finance, economics, insurance or ~~real estate finance~~ at the 3000 or 4000 level, subject to these specific requirements:

Either FIN 4610 or 4710: These are the capstone courses in the finance major, and both are communication-intensive courses (CIC)

Two additional 3000- or 4000-level courses in finance (FIN), economics (ECO), insurance (INS), or ~~real estate finance (RES)~~.
